(د) أنه أمّن جميع التفويضات والتصديقات والرخص والموافقات المطلوبة لتمكينه من القيام بالتزاماته بموجب هذه الاتفاقية بشكل نظامي، وأنه سيؤمن ما ذكر إذا طلب منه ذلك في أي وقت.

٤-٢ يقر الطرف الأول أن السلعة مملوكة له وأنها متعينة عند بيعها على الطرف الثاني بموجب مستندات التعيين للسلعة، وأنه ليس على السلعة أي حقوق أو التزامات تمنع التصرف فيها، وبذلك فإن الطرف الأول يتحمل أي مسؤولية وأي تكاليف أو أضرار تلحق الطرف الثاني نتيجة عدم ملكية الطرف الأول للسلعة أو عدم التعيين أو عدم صحة ذلك التعيين أو الخطأ فيه لأي سبب كان أو تكرار أرقام السلع المبيعة في العملية الواحدة، أو ظهور أي حقوق أو التزامات تمنع التصرف فيها.

٤-٣ يلتزم الطرف الأول ألا يجري على السلعة أي تداول من غير الطرف الثاني مدة بقائها في ملك الطرف الثاني، وألا يحدث الطرف الأول أي قيد أو عبء أو التزام عليها، وأنه لن يمنح أي طرف ثالث أي حق في تلك السلعة خلال مدة بقائها في ملك الطرف الثاني، ويتحمل الطرف الأول أي مسؤولية وأي تكاليف أو أضرار تلحق الطرف الثاني نتيجة مخالفة الطرف الأول لهذا الالتزام.

٥. المدفوعات والمصاريف:

(30)

٥-١ المبالغ التي يجب على الطرف الثاني دفعها بموجب هذه الاتفاقية للطرف الأول، وبموجب كل عملية شراء يجب ان تدفع دون مقاصة، أو حجز أو دعوى مضادة كما يجب ألا تتأثر بأي ضريبة أو أي حسم آخر على الطرف الثاني مهما كان نوعه، وفي حال الحسم على الطرف الثاني لأي سبب فإنه يجب على الطرف الثاني أن يدفع للطرف الأول المبالغ المستحقة كأن الحسم لم يكن.

٥-٢ وافق الطرف الثاني أن يدفع عند الطلب كل التكاليف والمصروفات (بما في ذلك الأتعاب القانونية) التي تكبدها الطرف الأول للحصول على حقوقه بموجب هذه الاتفاقية أو أي عملية شراء، فيما عدا ما إذا كانت مثل هذه التكاليف أو المصاريف قد تكبدها الطرف الأول نتيجة لتعديه (الطرف الأول) أو تفريطه أو نتيجة للقوة القاهرة.

٥-٣ الزم الطرف الثاني بأن يتحمل جميع المصروفات المترتبة على بقاء السلعة في ملكيته بعد تاريخ التسليم من مصاريف التخزين والتأمين.

٥-٤ في حال رغبة الطرف الثاني تعجيل سداد بعض الدين المؤجل أو كله قبل حلوله فيتم الاتفاق بين الطرفين على السداد المبكر في حينه، دون الزام من الطرف الأول بقبول ذلك أو بوضع مقدار معين أو نسبة من الدين المتعجل، وعلى الطرف الثاني أن يقدم طلب السداد المبكر قبل خمسة أيام عمل من موعد السداد المبكر الذي يحدده.

٥-٧ في حال تأخر الطرف الثاني عن سداد أي قسط من الأقساط المستحقة عليه بموجب أي عملية شراء ، فإنه يحل عليه مع كل قسط يتأخر عن سداده قسطان من الأقساط المؤجلة، وتحتسب تلك الأقساط من الأقساط الأخيرة، ويترتب على ذلك ما تأخر سداده نتيجة المطالبة وإجراءات التنفيذ.

٥-٨ يحق للطرف الأول أن يقوم تلقائياً بحسم قيمة حقوقه المترتبة على أي عملية شراء من أي حسابات أو أموال أو ودائع لديه تخص الطرف الثاني وذلك دونما حاجة إلى تنبيه أو إنذار أو اتخاذ أي إجراء كما لا تقبل أي معارضة منه في مقابل إجراء هذا الحسم أياً كان سببها.

CONVERTIBLE PROMISSORY NOTE

US$10,000,000.00 September 16, 2009

FOR VALUE RECEIVED, the undersigned, HILL METALS ESTABLISHMENT, a company formed under the laws of Saudi Arabia having an address as set forth in Section 3.5 below ("*Maker*" and, together with Payee, the "*Parties*"), hereby unconditionally promises to pay to the order of the COLEBROOKE INVESTMENTS LIMITED, a St. Vincent company having an address at 112 Bonadie Street, P.O. Box 613, Kingstown, St. Vincent ("*Payee*"), in lawful money of the United States of America, the principal sum of TEN MILLION DOLLARS AND NO CENTS (US$10,000,000.00). The principal portion of this Convertible Promissory Note (this "*Note*") shall be deemed fully funded to the Maker as of the date hereof. In consideration of the rights granted to Payee pursuant to the Conversion Option (as hereinafter defined), the principal amount outstanding under this Note shall not accrue interest.

1. **Payments**

1.1 **Principal**. Subject to Section 1.3 below, the unpaid principal amount under this Note will be due and payable in full on the Payment Date. For purposes hereof, "*Payment Date*" means the earlier of (i) September 16, 2010 or (ii) such earlier date on which Payee shall notify Maker of the occurrence of an Event of Default. All payments on this Note will be paid free and clear of any withholding for taxes or otherwise.

1.2 **Manner of Payment**. Subject to Section 1.3 below, principal and all other amounts due under this Note will be payable, in U.S. dollars, to Payee by wire transfer in immediately available funds to such account designated by Payee from time to time.

1.3 **Conversion Option**. Payee shall have the right, in its sole discretion at any time upon delivery of a written notice to the Maker, to convert all (but not less than all) of the aggregate sum of (i) the unpaid principal due under this Note and (ii) the unpaid principal due under a convertible promissory note (the "*$6,000,000 Note*") to be issued by Maker to Payee after the date hereof in the principal amount of $6,000,000 to 25.00% (the "*Conversion Percentage*") of the fully paid, validly issued and nonassessable shares of Capital Stock (as hereinafter defined) (the "*Conversion Stock*") of the Conversion Stock Issuer (as hereinafter defined), on a fully diluted basis after giving effect to the issuance of such Conversion Stock (the "*Conversion Option*"). For purposes hereof, "*Capital Stock*" means (a) in the case of a corporation, corporate stock; (b) in the case of an association or business entity, any and all shares, interests, participations, rights or other equivalents (however designated) of corporate stock; (c) in the case of a partnership or limited liability company, partnership or membership interests (whether general or limited); and (d) any other interest or participation that confers on a person the right to receive a share of the profits and losses of, or distributions of assets of, the Conversion Stock Issuer, provided, however, that Capital Stock shall at all times constitute Voting Stock. "*Voting Stock*" means (a) with respect to a corporation, all classes of the Capital Stock of such corporation then outstanding and normally entitled to vote in the election of directors and (b) with respect to a partnership, association, joint venture, limited liability company, real estate investment or other trust or other entity, all Capital

Stock of such entity entitled to exercise voting power or management control. "*Conversion Stock Issuer*" means, as the case may be, (a) Maker or (b) in the event that 100% of the Capital Stock of Maker are contributed or exchanged for equity interests of another company, including without limitation a company to be formed under the laws of Jersey ("*Maker Holdco*"), Maker Holdco. If such conversion would result in the issuance of a fraction of a share of such Conversion Stock, Maker shall pay in cash to the Payee for the value of any such fractional share. Concurrently with the conversion of this Note and the $6,000,000 Note pursuant to the exercise of the Conversion Option under this Section 1.3, Maker shall promptly deliver to Payee any documents reasonably requested by Payee to effect such conversion, including without limitation one or more stock certificates in the name of Payee or its nominees representing all of the shares of the Conversion Stock required to be issued by the Conversion Stock Issuer hereunder. Maker shall pay any and all taxes, levies and other charges that may be payable with respect to the issuance and delivery of the Conversion Stock by the Conversion Stock Issuer to Payee or its nominees.

1.4 **Adjustments to Conversion Stock.** In the event that, on or after the date hereof, there shall occur any merger, consolidation, other business combination, reorganization, reclassification or similar transaction involving the Conversion Stock Issuer or if Hussain Nawaz Sharif is forced to sell his equity interests in the Conversion Stock Issuer pursuant to a drag-along or similar obligation (an "*Organic Transaction*") and, as a result, the shares of Conversion Stock are converted into or exchanged for shares of stock or other securities or other property (including cash), Payee shall receive upon exercise of the Conversion Option the kind and amount of shares of stock and other securities and property (including cash) received upon such merger, consolidation, other business combination, reorganization, reclassification or similar transaction or pursuant to such drag-along or similar obligation by a holder of the number of shares of Conversion Stock of Conversion Stock Issuer then subject to the Conversion Option, subject to adjustments for events subsequent to the effective date of such Organic Transaction as shall be on terms as nearly equivalent as practicable to the adjustments provided in this Section 1.4. The above provisions shall similarly apply to successive Organic Transactions.

1.5 **Liquidating Dividend.** If the Conversion Stock Issuer declares a dividend upon its Capital Stock payable otherwise than in cash out of earnings or earned surplus except for a stock dividend payable in shares of its Capital Stock or a rights plan (a "*Liquidating Dividend*"), then the value of such Liquidating Dividend shall be determined by an independent nationally recognized investment banking firm or financial advisor retained in good faith by the Conversion Stock Issuer for such purpose, which determination shall be conclusive and binding on all persons, and the Conversion Percentage will be increased or otherwise adjusted to account for the per share value of the Liquidating Dividend, calculated on a fully diluted basis, assuming, among other things, the conversion of this Note and the $6,000,000 Note into Conversion Stock. Such adjustment shall be made successively whenever any Liquidating Dividend shall occur.

1.6 **Reservation of Capital Stock Issuable Upon Conversion.** Maker has reserved and the Conversion Stock Issuer shall continue to reserve and keep available at all times, free of preemptive rights, shares of Capital Stock for the purpose of enabling the Conversion Stock Issuer to satisfy any obligation to issue shares of its Capital Stock upon conversion of this Note and the $6,000,000 Note pursuant to the Conversion Option. The number of shares so reserved may be reduced by the number of shares actually delivered pursuant to conversion of this Note and the

HILL METALS ESTABLISHMEN

MANAGEMENT REPORT
For the period ended 31.07.2011

OPERATIONS

The month of July closed with a Net after Tax profit of SAR, 1,050,683. Cumulative profit to end July stands at SAR 6,054,685. Detailed breakdown of operation during the period is given below:

Production

Total production during the current year (seven months) was 44,800 tons of billets of various categories. Given below is the month wise breakdown of Billet and shredder production:

| | Jan | Feb | Mar | Apr | May | Jun | Jul | Total |
|---|---|---|---|---|---|---|---|---|
| Shredder | 5250 | 4490 | 3903 | 4567 | 3288 | 2172 | 2870 | 26,540 |
| Billet | 7604 | 6716 | 4162 | 4319 | 7698 | 5968 | 8333 | 44,800 |

The major dip in Billet production in the month of March and April are due to planned breakdowns for exparision project. June production suffered partly due to breakdown in Electrotherm and partly due to delay in starting Inductotherm.

Second line Electrotherm (Indian Company) / Daniely is now fully operational with the exception of LRF.

As per conservative estimates the production of billet should not be less than 18,000 tons per month after providing for maintenance and minor breakdowns. Our limitation however is power supply.

We have 28 MW of SEC. power available against total demand of 45 MW before Rolling. We have procured a 10 MW user power station at cost of SAR 8,5m. This is nearly ready and has passed the load test. The supply form this power plant will be available around 01 September. We can Insha'allah achieve a 15,000 ton billet production after the commissioning of the above plant.

We have a room for 3 more generators in the power plant building and we hope to add another 10 MW self generation which will cope up the demand of Rolling Mill before getting additional supply of SEC power.

Raw Material

Refractory, Ferro Alloy and Raw material prices showed small changes during the month. Given blow are the per ton Raw material prices during the period:

| | Jan | Feb | Mar | Apr | May | Jun | Jul |
|---|---|---|---|---|---|---|---|
| Shredded | 0 | 1351 | 1340 | 1366 | 1415 | 1313 | 1402 |
| Cars/LMS | 844 | 894 | 966 | 854 | 1009 | 923 | 1003 |

Sales and Billet Prices

During the period we expanded our customer base and sold to all the major customers in the Kingdom. We even have been approached SABIC. Average selling prices of Billet during the period was as follows"

| | Jan | Feb | Mar | Apr | May | Jun | Jul |
|---|---|---|---|---|---|---|---|
| Billet | 2424 | 2582 | 2399 | 2381 | 2409 | 2444 | 2497 |

Export remained banned during the period however.

Direct Overhead, Admin & Distribution

Overhead including Direct, Admin and Distribution remained between 25% -27% of sales value although it varied from month to month but the overall expenditure is within limits.

As reported earlier, per ton overhead would show substantial saving once the production is settled down.

Staffing

Total number of employees on the reporting date was 330. This included almost 35 Saudi employees.

Expansion – Melting

Indian Company

Phase 2 of Steel Melt shop that included Inductotherm Furnace, Danieli Caster, and associated equipment including cranes was completed at a cost of SAR 55 million. This included LRF which may be commission by end of September. Total production capacity after start of LRF subject to availability of power would be 18,000 tons per month operating at 80% efficiency.

Expansion - Rolling

Rolling project is Alhamdulillah is on track. Latest progress is as follows"

## HILL METALS ESTABLISHMENT

### MANAGEMENT REPORT
### QUARTER ENDED 31.03.2010

**01. OPERATIONS**

The management is pleased to present this quarterly report showing an after tax profit of SAR 1,282,842. It gives us a great relief that after a long period of stress and strained performance, we have finally come out of RED.

*Al Hamdulillah! All praises to Allah Subhanahu Ta"alah for this achievement. We pray to Almighty Allah to guide us through to achieve our goals.*

The results shown in the attached report are not exactly as expected. We would like to highlight number of failures and successes in achieving the above:

- **Production**
  - Melting operation during the quarter had been generally smooth.
  - A total of 196 hours of shutdown arising from minor operational problems was experienced.
  - Melting operation went nonstop 24 hours a day 7 days a week with the exception of 6 hours break for Jumaa prayer.
  - Net active time works out to 87% after allowing for breakdown and Jumaa prayer. Comparing with general factory working hours of 300 working days a year (82%), this shows a gain of 5%.
  - Total of 726 heats were taken during the quarter, turning total of 17,801 tons of A36 billet. This gives an average of 9.24 heats per day or 2.6 hours per heat after deducting off time. Average heat size remained 24.5 tons per heat. This however includes lost heats for sintering.
  - 12 heats per day and average heat size in excess of 26 tons is our target. A little push and a constant supply of shredded scrap may bring us very near to the target.

- **Raw Material Purchase & Pricing**
  - Scrap prices moved up swiftly during the quarter. Average prices for various types of scrap expressed in Saudi Riyals were as follows:

| | January | February | March |
|---|---|---|---|
| Shred-able scrap | 590 | 702 | 692 |
| Shredded Scrap | 924 | 1038 | 1065 |
| HMS & Bundle | 859 | 924 | 935 |
| Average | 800 | 875 | 842 |

- **Ferro Alloys & Refractory**
  - Move to Doerentrup-Germany refractory recorded substantial saving. This is a new experience, a move from traditional Silica or Alumina.
  - Additional saving will be achieved by replacement of tundish lining with ...nolish Board.

- o. Ferro Alloy prices on the other hand showed an upward trend.

- Selling

  - o Billet demand stabilised in the region and prices showed some encouraging upward trend. Average price of billet all sold to one single customer throughout the quarter expressed in Saudi Riyals were as follows:

| | January | February | March |
|---|---|---|---|
| MS Billet A36 | 1,658 | 1,930 | 2,052 |

*A contract has been signed for the fourth month running at SAR 2,438 per ton.*

  - o Ban on export was only cleared towards the end of March. Loading of billet of odd sizes and chemistry that was held due to export restriction started towards the last week of March to be invoiced in April 2010.

  - o Rebar rolling of third party facilities was a stop gap arrangement. It has virtually come to an end. Only a small quantity of billet that was lying at third part facility was rolled and sold.

- Direct Overhead, Admin & Distribution

  - o Direct overhead during the quarter remained SAR 347 per ton. Included in this was SAR 147 per ton for depreciation

  - o Portion of direct overhead relating to unsold stock of billet or rebar has been carried over as unabsorbed overhead and added to inventory.

  - o Admin Costs per ton of Billet sold or consumed was SAR 100 per and Transportation and shipping cost was SAR 55 per ton.

- Staffing

  - o Total number of employees as on 31.03.2010 were 247 including temporaries casuals, and Azad employees who are indirectly employed for HME. This includes 14 Saudis.

**STATEMENT OF CASH BALANCES AND NET PROFIT AFTER TAX FOR THE YEARS ENDED 31 DECEMBER 2010 to 31 DECEMBER 2015**

In accordance with your request dated January 12, 2017, we have traced the numbers as given in attached statement summarizing cash balances as at 31 December 2010, 31 December 2011, 31 December 2012, 31 December 2013, 31 December 2014 and 31 December 2015 and net profit after tax for the years then ended to respective audited financial statements.

Management is responsible for fair presentation of numbers in attached financial statements. Our responsibility is limited only to tracing of numbers to audited financial statements.

Financial statements for the years ended 31 December 2010, 31 December 2011 and 31 December 2012 were audited by us whereas financial statements for the years ended 31 December 2013, 31 December 2014 and 31 December 2015 were audited by another firm of public accountants. Therefore, numbers related to those years for which we were not engaged as auditors are solely based on original copies of audited financial statements audited by that firm of public accountants. No review were carried out by our firm on the work performed by the other auditors as required by the auditing standards as applicable in the Kingdom of Saudi Arabia.

Based on our work, which is restricted to tracing of numbers in the audited financials, we confirm that the numbers given in attached statement of cash balances and net profit after tax for the years ended 31 December 2010 to 31 December 2015 are correct as reported in the audited financial statements of those years.

This report is intended solely for the use of the management of the establishment only.

Yours truly,

QUESTION

**Where do huge sums running into millions gifted by Respondent no.7 to Respondent no.1 drop in from?**

1. Chart showing funds received 2009-16 from respondent no.7's (HNS)owned Hill Metals Establishment, KSA by respondent no.1(MNS) is attached.
2. Funds remitted through regular banking channels and received by MNS in declared FCY and LCY Account maintained with Standard Chartered Bank, Lahore.
3. Total funds remitted in FCY in equivalent PKR from 2009-2016 amount to Rs. 1172.288 million.
4. These funds are shown/declared in FBR Returns U/S 116(2) (Statement of Assets/Liabilities filed voluntarily) as foreign remittance under code 7035. Foreign remittances through regular banking channels enjoy immunity from scrutiny as per Income tax laws and also Economic Reforms Act 1992.
5. The money trail chart HNS-MNS-MS show all incoming transfers from HNS to MNS and from MNS – MS. Standard Chartered Bank Statements of MNS are attached.
6. Also attached are Encashment certificates issued by Standard Chartered Bank evidencing surrender of FCY to SBP and conversion into PKR at SBP conversion rates. No open market transaction/ conversion took place.
7. The funds transferred by MNS to MS were largely used to purchase landed property for herself by MS and are disclosed in her FBR Returns from year to year.
8. These funds from HNS transferred to MNS did not 'drop in' from anywhere. These funds were transferred by Hill Metals Establishment owned 100% by HNS in KSA.
9. Hill Metal Establishment is a Steel Mill in KSA which manufactures and sells Reinforcement Rebars. The establishment generates sufficient funds as evidenced by Certificates issued by Aldar Audit Bureau- A member firm of Grant Thornton, Chartered Accountants, KSA to be able to transfer valuable Foreign Currency to Pakistan.

## JIT's ANALYSIS OF CONSOLIDATED STATEMENT BY MR. HUSSAIN NAWAZ SHARIF SON OF MIAN MUHAMMAD NAWAZ SHARIF, RESPONDENT NO. 7

**(Recorded on 30 May 2017, 01 June 2017, 03 June, 09 June & 04 July 2017)**

1. Mr. Hussain Nawaz Sharif was investigated by the JIT in five different sessions, being the key witness involved in all the questions raised by the Honorable Supreme Court. The statement made by Mr. Hussain Nawaz Sharif was not only found inconsistent with the defense filed by his Counsel in the Honorable Supreme Court but, was also contradictory to the statements made by other witnesses. Analysis of the statement made by Respondent No. 7 in a chronological order on the anvil of events / queries is appended below for ease of reference:

2. **JIT's Findings/ Analysis of Statements on 30 May 2017, 01 June 2017, 03 June:**

   a. **Lack of Documentation between Mian Sharif and Sheikh Jasim Al-Thani:** Mr. Hussain Nawaz Sharif stated that neither his grandfather believed in documentation nor was it a norm at that time in the Gulf. This contention is not tenable as documentation has been presented by the Respondents in their defence related to establishment and sale of Gulf Steel Mills Limited.

   b. **Lack of clarity on who was the beneficiary of investment:** Although Mr. Al-Thani in his first letter dated 05 November 2016 stated that he recalls that during his lifetime, Mian Muhammad Sharif wished that the beneficiary of his investment and returns in the real estate business should be his grandson, Mr. Hussain Nawaz Sharif. Contrarily, in the subsequent letter from Mr. Al-Thani dated 22 December 2016, he introduced a worksheet which covered all the expenses in foreign jurisdictions that had surfaced during the proceedings in the Supreme Court of Pakistan whether they were related to Mr. Hussain Nawaz Sharif or other Respondents. These conflicting stances in the two letters received from Mr. Al-Thani and the statement of Mr. Hussain Nawaz Sharif raise serious doubts on the veracity of this agreement was envisaged to work and who was to

benefit from it. This lack of clarity as to how this arrangement was supposed to work and the changing stances make it non-plausible.

c. **Lack of documentation of settlement agreement in 2005-06**: Mr. Hussain Nawaz Sharif stated that there was no written agreement prepared or signed between the parties about the settlement that was being made after about 25 years "to avoid future litigation by any party". This argument of not signing an agreement to settle an investment spread over decades and involving payments, for which no proof exists, is beyond comprehension and highly improbable.

d. **Contradiction between the Statements of Mr. Hussain Nawaz Sharif with Mr. Hassan Nawaz Sharif regarding money sent to Mr. Hassan Nawaz Sharif for his businesses**: Mr. Hassan Nawaz Sharif while explaining his own investment in the companies set up in the initial years 2000-2004 stated that Mr. Hussain Nawaz Sharif sent him about 2.4 million GBP to help with his business without disclosing from the source where the money was coming from. Mr. Hassan Nawaz Sharif also confirmed that he did not receive any money from anyone else. This position is in contradiction to the statement of Mr. Hussain Nawaz Sharif who stated before the JIT that after discussion with Mr. Nasir Khamis the representative of Mr. Al-Thani, about the settlement, he sent a facsimile message to Mr. Hassan Nawaz Sharif for confirmation as he had learnt about the said payments for the first time. Moreover, his explanation of not being able to verify the amount of settlement of Al-Towfeeq case because his uncle Mr. Shahbaz Sharif was not in Saudi Arabia is also not plausible. The conflicting accounts of Mr. Hassan Nawaz Sharif and Mr. Hussain Nawaz Sharif clearly show that the investment with Mr. Al-Thani and its disbursement to Mr. Hassan Nawaz Sharif for setting up business in UK is not factually correct. No record of these transactions has been provided to corroborate the Qatari narration or their own contentions. In view of the non-appearance of Mr. Al-Thani before the JIT and non- production of any documents to corroborate the claims made in the letters, the JIT believes that the narration of the letters submitted by Mr. Al-Thani are not based on facts.

e. **Physical Transfer of Bearer Shares**: In the initial version of the events, Mr. Hussain Nawaz Sharif in his statement dated 01 June 2017 stated that somewhere in early 2006 Nasir Khamis, the representative of Mr. Al-Thani and Mr. Waqar Ahmed, the business manager of my brother Hasan's firm, met in the office of Hasan and the bearer certificates were handed over by Nasir to Waqar. He stated that no receipt was prepared and was also unable to clearly state as to how the shares were sent to Minerva, which was the holding company of Nescoll and Nielson. He was also unable to explain whether the mere possession of bearer certificates is sufficient proof of ownership and if it was so, would it mean that their possession by Mr. Waqar Ahmed made him the owner. He was also unable to explain what documentation would be required to establish the bonafide ownership of the bearer certificates in case there is a dispute due to possession and whether there are any other documents that are required to prove the ownership of the companies and the properties. He also stated that he was not aware of any other documents that were handed over by Mr. Nasir Khamis to Mr. Waqar Ahmed. He also asserted that as far as the necessity of instructions to Minerva from Mr. Al-Thani regarding the transfer of bearer shares of Nescoll and Nielson are concerned, he did not think they were required as it was the possession of bearer certificates that matters. Mr. Hussain Nawaz Sharif, however, in his statement dated 03 June 2017 before the JIT, took a totally different stance, now stating that somewhere around end of 2005 or early 2006 he called Mr. Waqar Ahmed and told him that Mr. Nasir Khamis would be sending the bearer shares through a courier and instructed him to send them to Minerva by post. He further stated that Mr. Waqar Ahmed confirmed the receipt of the envelop from Mr. Nasir Khamis and its onward dispatch to Minerva without even opening the envelop. He stated further that he "thinks" that he received a phone call from Minerva confirming that they had received the shares but was unsure whether they had sent any email or written communication to confirm receipt.

f. **Gulf Steel Mills**: Although he had no direct link with the establishment, operation and sale of Gulf Steel Mills owing to his tender age at that time, yet Mr. Tariq Shafi in his statement had said that he had gone to Dubai with Mr. Hussain

Nawaz Sharif on his direction, to acquire the record / documents pertaining to Gulf Steel Mills. He had further informed that he only attended the meeting along with Mr. Hussain Nawaz Sharif with Mr. Ahli and all subsequent actions i.e. acquisition of documents, their notarization by Notary Public Dubai and attestation by High Commission of Pakistan was obtained by Mr. Hussain Nawaz Sharif. However, when Mr. Hussain Nawaz Sharif was confronted with the question, he simply declined to answer any questions on the subject, even though he was warned that his refusal to answer the said questions may lead JIT to draw negative inferences on the subject owing to obvious inconsistencies in the statement of Mr. Tariq Shafi. However, Mr. Hussain Nawaz Sharif chose to decline except mentioning that he already knew Mr. Ahli which is again contrary to the statement made by Mr. Tariq Shafi. The aforementioned inconsistencies and reluctance to answer basic questions on the subject clearly indicate that the documents have not been acquired as stated and cannot be relied upon.

g. **Azizia Steel Mills Limited.** Mr. Hussain Nawaz Sharif again failed to produce important documents such as the Memorandum and Articles of Association, documents of loans from the banks, the financial statements, etc., which are essential to corroborate his assertions.

(1) **Setting up of Azizia Steel Mills Limited:**

(a) He, however, while explaining the availability of funds for setting up of the Azizia steel factory provided the following approximate figures of 2001 without any documentary support.

| Year | Expense detail | Amount | Remarks |
|---|---|---|---|
| 2001 | Purchase of land | A few hundred thousand dollars | Despite repeated questions, did not give even an approximate figure |
| 2001 | Cost of machinery | USD 0.65 Million | Purchased from Al Ahli |
| 2001 | Paid up capital | USD 5.3 Million | Eq to 20 Million riyals at 3.75 SAR eq to 1 USD ( historical rate in 2001) |

| | | | |
|---|---|---|---|
| 2001 | Construction /infrastructure | USD 0.05 Million | Under construction |
| | Total expenditure in 2001 | Over USD 6.00 Million plus a few hundred thousand Dollars as cost of land | |

(b) Mr. Hussain Nawaz Sharif claimed that most of the initial funding for this project was made available by Mr. Al-Thani. The amounts provided by Mr. Al-Thani for 2001 and the loans that he mentioned from his an unnamed friend are as below:

| **Year** | **Source of loan** | **Amount** | **Remarks** |
|---|---|---|---|
| 2001 | Qatari adjustment 1 | USD 0.65 Million | No documentation provided, no names provided |
| 2001 | Loan from unnamed Saudi friend | USD 0.8 Million max | |
| Total | | USD 1.45 Million | |

(c) While there is no documentary/circumstantial evidence to substantiate the provision of funds by Mr. Al-Thani and the Saudi friend in 2001, even the loan amount calculated, hypothetically, still falls short of the amount spent in the year 2001 by USD 4.55 million. If the unspecified amount of hundreds of thousands dollars for cost of land is included then this gap would further increase.

(2) **Transportation of Machinery to Jeddah:** The LC shows that the machinery brought from Al-Ahli Steel Mills in 2001 cost USD 650,000 and was transported on only two trucks, which is in stark contradiction to the statement of Mr. Hussain Nawaz Sharif who stated that the machinery was transported from Dubai to Jeddah on 50-60 truckloads.

(3) **Issue of Shareholders of Azizia Steel Mills Limited:** The failure to produce the complete relevant record for examination by the JIT means

that no corroboratory evidence has been produced to support the assertion of the number of shareholders, the extent of their interest in the factory, the distribution of profit and loss during the years 2002 to 2004 and the exact terms under which the power of attorney was issued, if at all. This submission photocopies of incomplete and vague record of choice, rather than the whole record; not only in this agreement but also in the sale agreements of Gulf Steel Mills, shows a pattern which can only be termed as concealment. The failure to produce the complete record despite the fact that the burden of proof lies at their doorstep has adversely affected their case to provide the money trail. Moreover, Mr. Hussain Nawaz Sharif could not explain as to why according to him the other two shareholders of the company i.e., Mian Abbass Sharif (33%) and Ms. Rabia Shahbaz Sharif (33%) ended up receiving nothing out of the sale proceeds of the properties and assets of the company in 2005.

(4) **Conclusion**: There exist dichotomies in the limited and incomplete documents submitted in the Honourable Supreme Court of Pakistan vis-à-vis statements of Mr. Hussain Nawaz Sharif made before the JIT without any documentary support. This clearly indicates that the narrative about setting up of Azizia Steel Mills Limited with funds provided by Mr. Al-Thani, from scrap machinery bought from Dubai, is factually incorrect and cannot be substantiated. Moreover, the reluctance of Respondent No. 7 to provide the missing Schedules of the Sale Agreement, other relevant documents to substantiate the pay orders provided and the arrangement/ accounts from which about SAR 20.63 million was released to the buyer to settle the outstanding liability, cast serious doubt about the authenticity of the narrative regarding establishment of Hill Metals from the proceeds of the sale of Azizia Steel Mills Limited.

h. **Disclosure regarding sending money to UK through Coomber Inc, Jersey**: Mr. Hussain Nawaz Sharif disclosed that he owns the majority shares of Coomber

Inc., which started in 2004. The purpose of that company at that stage was to shift the proceeds of the sale of Azizia Steel Mills Limited to United Kingdom. At that stage the family had decided to move from Saudi Arabia to United Kingdom, after the sale of the company, to start the business there. After the sale of the factory in 2005 he stated that he sent about 6.5 million GBP from the Saudi Hollandi Bank account to Coomber's Inc., Union Bank of Switzerland (UBS) account in London, United Kingdom. Coomber Inc., also had another account in Deutsche Bank in the UK. Out of this amount GBP 1.5 million were transferred either to Mr. Hasan Nawaz Sharif's own account or in the account of one of his companies. The remaining GBP 5 million were transferred back to Saudi Arabia in 2006-7 as the family could not start the business in UK and had started the Hill Metals company. This statement shows that Mr. Hussain Nawaz Sharif had used an offshore account to anonymously transfer a huge amount through an offshore company to UK. Again no records of this transfer were provided. The assertion that this was the money generated from sale proceeds of Azizia Steel Mills Limited is also contradictory to the fact that record provided by Mr. Hussain Nawaz Sharif to JIT shows that all SAR 63.1 million were utilized for setting up the Hill Metals and pay orders of this entire amount were issued in the month of March, 2005. This disclosure during the investigation, if supported by evidence, gathered through MLA, would be additional unexplained wealth transferred surreptitiously through a BVI account to United Kingdom.

i. **Failure to mention investment with Al-Thani family during TV interview with Javed Chaudhry:** Mr. Hussain Nawaz Sharif had been asked why he had not mentioned in the interview, despite the fact that he had been asked about the sources of income that helped establish the factory in Jeddah, that the major share came from part of the profit on the investment of AED 12 million; the sale proceeds of Gulf Steel Mills, which was placed with Mr. Al-Thani by his grandfather in 1980. The response of Mr. Hussain Nawaz Sharif was not satisfactory as he instead of telling the truth felt that it would not have been appropriate to reveal this information to the media as it would have started unnecessary controversies. This was despite the fact that in the interview he was

categorically asked about any assistance that he received from any person(s) belonging to Qatar. This concealment of facts during the interview casts doubt on the veracity of his stance before the Honorable Supreme Court of Pakistan and the JIT.

j. **Contradiction with the submissions of Respondent No. 1 in the Supreme Court of Pakistan:** The text of questions and answers relating to Mr. Hussain Nawaz Sharif are reproduced below:

**Question:** Did your father know when the settlement was made with Mr. Al-Thani in 2006 regarding the investment made by your grandfather and that as a result the Mayfair Apartments have been adjusted against the residual amount and ownership has been transferred in your name?

**Answer:** He had the knowledge of the settlement as these things are discussed in the family. I don't think that he knew the details like the amounts of disbursement made.

**Question:** How do you then account for the fact that he has made no mention in his submission before the Supreme Court of Pakistan during the proceedings of the Panama Case of the investment made by your grandfather with Mr. Al-Thani and the settlement resulting in the ownership of the Mayfair Apartments?

**Answer:** He had a different Counsel. I think that he under the advice of his Counsel did not consider it appropriate to mention these facts in the submissions made before the Supreme Court of Pakistan.

This answer is highly unsatisfactory as it shows that the submissions were not made truthfully by at least one of the Respondents and the whole truth was not put before the Honorable Supreme Court.

3. **JIT's Findings/ Analysis of Statements on 09 June 2017**: Mr. Hussain Nawaz Sharif appeared before the JIT on 9th June 2017 to investigate the remaining part of his statement especially with reference to incorporation of Hill Metals Establishments in Jeddah. He again failed to provide asked documents/ record with reference to Hill Metals Establishments on the pretext that he had provided all documents/ record possessed by him and there was no more document/ record which could be made available to the JIT. Some of the observations/ findings of JIT on the basis of this statement by him are as under:-

a. He stated that he had been receiving money from his grandfather from the account of Ittefaq Group of Industries, 32 Empress Road Lahore for payment of ground rent and service charges for the Avenfield Apartments, which is in line with the statements of Mian Nawaz Sharif and Mian Shahbaz Sharif. However, it also corroborates that complete family including family of Mian Nawaz Sharif was beneficiary of businesses established by Mian Sharif or thereafter. Therefore, it can be fair to conclude that Gulf Steel Mills, Azizia Steel Mills, Hill Metals Establishments and Avenfield Apartments etc., were/are also family businesses, and were/are not the independent assets/ businesses owned by any specific family members, making Mr. Tariq Shafi, Mr. Hussain Nawaz Sharif, Mr. Hassan Nawaz Sharif and others as *benamidars* on behalf of the family.

b. He stated that he came back to Pakistan in 1996. He can only assume that it would be either Mr. Hassan Nawaz Sharif, staying in Apartment 17, or Mr. Hamza Shahbaz Sharif, living in 17A who would have been paying for the ground rent and other utilities after his departure. This statement is completely in contradiction to the statement of Mr. Hassan Nawaz Sharif, who stated that until 2000, ground rent etc., were paid by Mr. Hussain Nawaz Sharif till year 2000 through some special arrangement even after his departure from London in 1996. Such inconsistencies with reference to basic facts, plainly indicate that truth is being manipulated or concealed.

c. He again changed his earlier stance about transfer of Bearer Shares of Nielson and Nescoll offshore companies from Mr. Ahli to his authorized offshore company (Minerva Holding) in 2005/2006. In his new version, he stated that Mr Nasir

JOINT INVESTIGATION TEAM PANAMA CASE

Khamees, the representative of Prince Hamad Al-Thani, sent Bearer Shares in a sealed envelope to Mr. Waqar Ahmed (Business Manager of Mr. Hassan Nawaz Sharif) through a courier service, who despatched the same envelope to Minerva without opening the envelope. He confirmed, when repeatedly asked, that neither he nor Mr. Waqar Ahmed ever saw the Bearer Shares themselves. He also stated that he along with Ms. Maryam (Nawaz) Safdar, Respondent No. 6 had filled "Know Your Customer (KYC)" forms in Minerva. Following conclusions are drawn from these revelations:-

(1) Repeated change in stance of Mr. Hussain Nawaz Sharif, even from the reply submitted in Honourable Supreme Court of Pakistan indicates possible efforts to conceal the facts.

(2) This stance seriously challenges the authenticity of "Trust Deed" document, signed by Mr. Hussain Nawaz Sharif and Ms. Maryam (Nawaz) Safdar in January 2006. As per one of the clauses of the document (Trust Deed) produced by him, the "Trustee" was required to "hold" Bearer Shares on behalf of Mr. Hussain Nawaz Sharif. In the event, when both of them have never even seen these Bearer Shares, the authenticity/legality of the document (Trust Deed) becomes doubtful.

(3) Mr. Hassan Nawaz Sharif refused to confirm or negate involvement of his business manager namely; Mr. Waqar Ahmed in transfer of Bearer Shares on the pretext that sometimes Mr. Hussain Nawaz Sharif used to directly task for his assistance even without his knowledge. This seems highly implausible due to nature and significance of task and joint family structure of Sharif family.

(4) Mr. Hussain Nawaz Sharif declined to name the person, who introduced him with Minerva, claiming his privilege nor did he provide any agreement signed between him and the Minerva. This reluctance on his part is an effort to hide truth.

d. The question about the actual beneficiary of sale proceeds of Azizia Steel Mills (Mr. Hussain Nawaz Sharif, Ms. Rabia Shahbaz Sharif and Mr. Abbas Sharif were the shareholders) remained unanswered/ unexplained as he failed to produce any document/ power of attorney whereby other two partners had surrendered their rights in favour of Mr. Hussain Nawaz Sharif. In absence of any legal document, it cannot be granted that he was the beneficiary of the complete sale proceeds of Azizia Steel Mills, which later led to establishment of Hill Metals Establishments.

e. He declined to have acquired land for Azizia Steel Mills as a Royal gift from the Government of KSA/ or any Royalty. This aspect needs corroboration.

f. He acknowledge gifting huge sums of money worth millions of dollars to Mian Muhammad Nawaz Sharif from the account of Hill Metals and his personal account. However, he failed to produce any document, which could establish the financial health of Hill Metals Establishment. All the documents so far provided by him are unverified/ uncertified copies, detailed analysis of which is covered in Volume ------.

6. **Conclusive Findings**: In the light of the major contradictions in the statements and the incomplete and generally irrelevant, uncertified and photocopied documents provided, JIT concludes that the statement and the available documents produced by Mr. Hussain Nawaz Sharif cannot be relied upon as evidence, owing to the inconsistencies, factual errors and material discrepancies. Some conclusive findings are as under:-

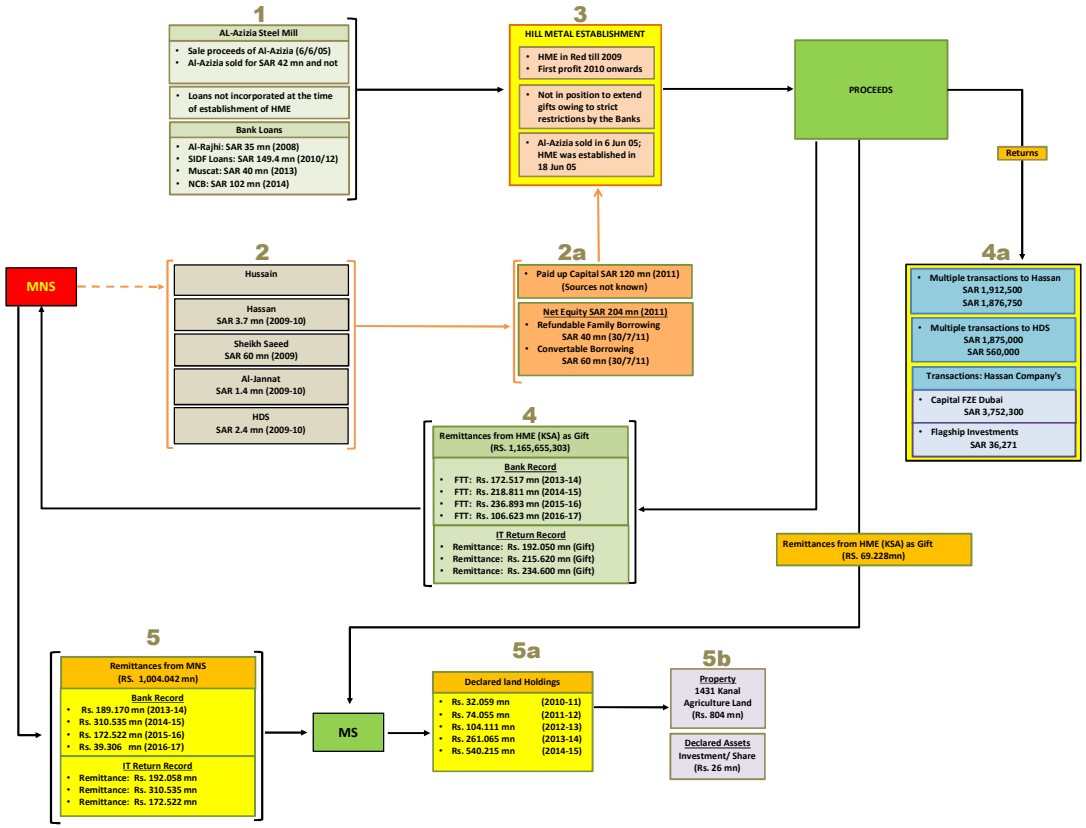
a. Neither any written agreement signed about the claimed settlement between Mr. Hussain Nawaz Sharif and Mr. Al-Thani in 2006 nor any record/document/ evidence about transfer of Nielson and Nescoll (Avenfield Apartments) to Mr. Hussain Nawaz Sharif exists; making the complete story dubious and mere a "*hearsay*", thus cannot be relied upon.

b. Investment with Mr. Al-Thani and its disbursement to Mr. Hassan Nawaz Sharif for setting up business in UK is not factually correct.

c. Transfer (if any) of Bearer Shares from Mr. Al-Thani to Mr. Hussain Nawaz Sharif could not corroborated. The authenticity of "Trust Deed" (if any) has also been seriously challenged as Ms. Maryam Safdar never had possession of the Bearer Shares (if any).

d. Neither he nor Mr. Tariq Shafi went to Notary Public Dubai for notarization/ attestation of documents/ record of Gulf Steel Mills in 2016, hence no evidence about authenticity of notarization.

e. Narrative about setting up of Azizia Steel Mills Limited with funds provided by Mr. Al-Thani, from scrap machinery bought from Dubai, is factually incorrect and cannot be substantiated.



f. Unexplained wealth was transferred surreptitiously through a BVI account (Coomber Inc,.) from KSA to UK and back.

g. Gulf Steel Mills, Azizia Steel Mills, Hill Metals Establishments and Avenfield Apartments etc., were/are also family businesses, and were/are not the independent assets/ businesses owned by any specific family members.

h. He failed to produce any evidence/ document/ record for proving that he was sole beneficiary of sale proceeds of Azizia Steel Mills.

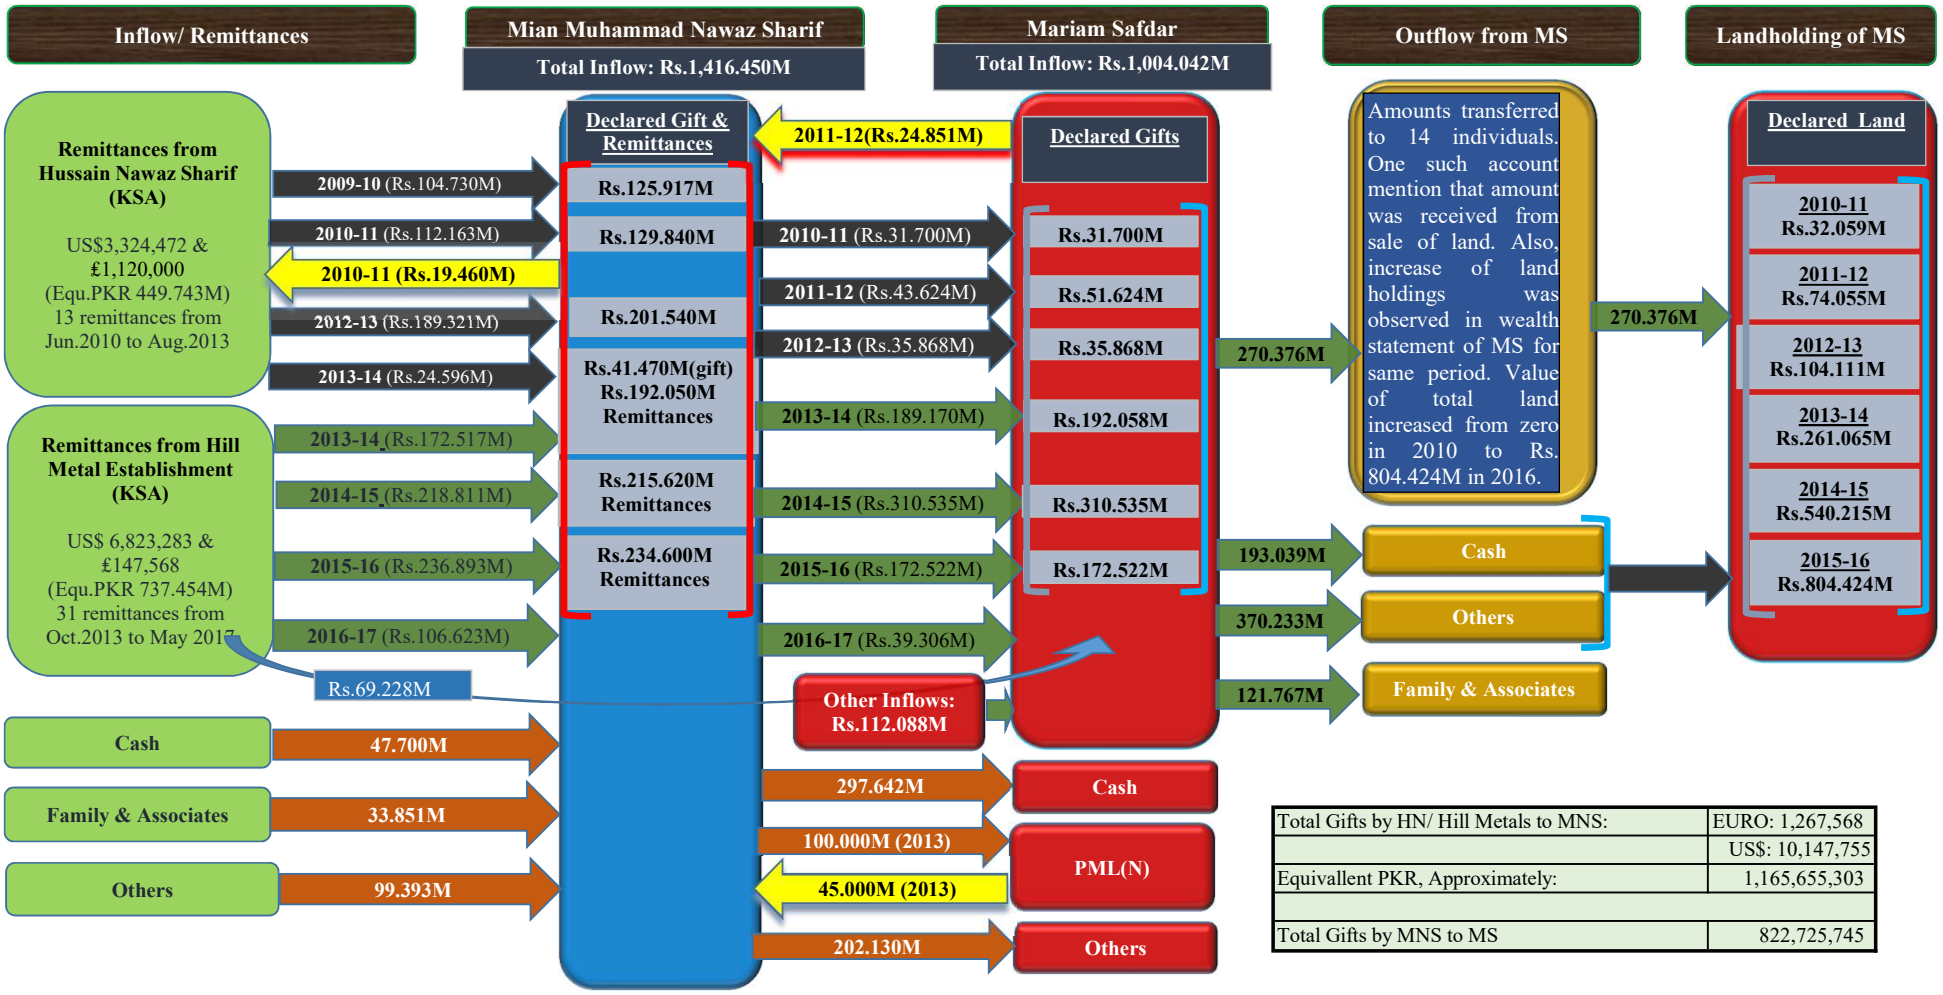
- It has been revealed that MNS transferred SAR 750,000 to HN in Sep 2010 which was further remitted to Hill Metal Establishment - case in point
- Whereas Hassan, Sheikh Saeed, Al-Jannat & HDS invested cash amounting SAR 3.7 mn, SAR 60 mn, SAR 1.4 mn and SAR 2.4 mn respectively to HME
- As per the accounts statement received from third party, paid up capital of HME as at 2011 was SAR 120 mn and Net Equity was 204 mn (after adding up Refundable Family Borrowing SAR 40 mn and Convertable Borrowing SAR 60 mn on 30 Jul 11

**3**

- Al-Azizia was sold in 06 Jun 2005, whereas HME was established in 18 Jun 2005; difficult to invest money in such short notice
- After establishment, HME remained in Red till 2009; first profit of HME was generated in 2010 onwards
- Keeping in view the track record, it brings out that HME was not in position to extend gifts to MNS, owing to the strict restrictions by the Banks during that time
- Around 89% of total net profit earned by M/s HME during 2010 to 2015 was sent to MNS through gifts and remittances indicating his close association or beneficial interest in the company
- Till the year 2012-13, the received by MNS from HN & HME were declare as gifts whereas, the same amounts were termed as remittances after the year 2013-14 in his tax returns



**4**

- The annual cash flow and retained earnings from HME enabled HN to send remittances to his father (MNS) in Pakistan cash amounting (RS. 1,165,655,303), brother SR 3.7 mn, HDS SAR 2.4 mn, FZE SR 3.7 mn and Flagship Investment SAR 36,271
- From the year 2010 till May 2017, MNS received gifts of Euro 1.267 mn and US$ 10.148 mn from HNS & HME. The Rupee equivalent of these foreign currency amounts come to around Rs.1,165 mn. Remittances of around Rs.69.228 mn were also received by . Mariam Safdar (MS) from HME
- More than 70% of these gifts were further transferred by MNS to the accounts of MS as gifts while a substantial amount of Rs.100 million was given as donation to PML(N) right before GE 2013
- Around 25% of these gifts were withdrawn in cash while the substantial amount of gifts given to MS (70%) was reportedly utilized for purchase of properties in the name of MS. This indicates that gifts and remittances received by MNS were substantially used for acquiring assets

**5**

- It has been in the knowledge of HN that his father has used the gift remittances sent by him to equitably strengthen the financial position of his sister (Mariam)
- Mariam purchased property (1431 Kanal Agricultural land) amounting Rs. 804 mn and declared assets (Investment/ Shares) amountong Rs. 26 mn
- A total amount of Rs.1,165.655 million was sent by HN to MNS as gifts and remittances from 2010 till May 2017. Out of this amount, Rs.822.725 mn were gifted by MNS to MS during the same period. Consequently the declared land holding of MS increased from zero in 2010 to Rs.804.424 mn in 2016
- Declared gifts were used to repay the amounts to the person who gifted those amounts i.e. from MS (Rs.24.851 mn) to MNS and from MNS (Rs.19.460 mn) to HN

**ISLAMABAD**

**(Answers to Questions Raised by Honourable Supreme Court of Pakistan in its Order dated 5 May 2017 in case of C.M.A No. 2939 of 2017 in Constitution Petition No. 29 of 2016 etc)**

## FLAGSHIP INVESTMENTS LIMITED AND COMPANIES OF MR. RESPONDENT NO. 8

1. In pursuance of the decision of the Honorable Bench of the Supreme Court which states, ***"...where did the money for Flagship Investment Limited and other companies set up/taken over by respondent No. 8 come from, and where did the Working Capital for such companies come from"***; the JIT has carried out a detailed analysis of the companies, investments and financial transactions (Annexure A) of Mr. Respondent No. 8 (Respondent No. 8). A pictorial representation of the plethora of companies and elaborate network of transactions has been prepared.

2. This analysis is based on evidence from JIT's own sources as well as the limited information available publicly. It is imperative to highlight that the information submitted by the Respondents did not suffice for the purpose of the investigation and was found to be severely lacking and no effort has been made by the Respondents to provide the same. A summary of documents provided and the comments of the JIT are attached as **Annexure B**. In the absence of vital information, the '**Burden of Proof**' is on the Respondents. Ample opportunities have been afforded to the Respondents to present plausible explanations to the various observations raised by the JIT but remain unheeded.

## Dichotomies with regards to the sources of funds for establishment of Flagship Investments and other companies by Respondent No. 8

3. The Respondents, in their CMA filed before the Honorable Supreme Court of Pakistan, had described funds provided from the investment made with Al-Thani family of Qatar as the source for setting up Flagship Investments and other companies. However, in their statements in the appearances before the JIT, the said stance was neither qualified nor substantiated, Respondent No. 8 categorically and repeatedly confirmed that he requested Mr. Hussain Nawaz Sharif, (Respondent No. 7) for the funds for setting up these companies and that he did not know

JOINT INVESTIGATION TEAM PANAMA CASE

from where Respondent No. 7 obtained these funds. On the contrary, when Respondent No. 7 was confronted with the same question, he denied ever being approached by Respondent No. 8 to provide the said funds. He went on to state that he learnt about the provision of funds to Respondent No. 8 for establishment of his companies through Mr. Nasir Khamis (representative of Al-Thani family) during the execution of settlement, and as it was never shared with him by Respondent No. 8 or anyone else in the family. Therfore, he immediately sent the papers provided by Nasir Khamis to Respondent No. 8 through facsimile transmission for confirmation of receipt of the said funds.

4. These dichotomies between the stance taken by the Respondents in the Honorable Supreme Court and their respective statements/narrations during their appearances before the JIT clearly indicates that the story of the utilization of Qatari funds for establishment of the companies is, prima facie, false and concocted. Nevertheless, irrespective of the source of funds an in-depth analysis of the establishment of the companies has been undertaken by the JIT in the subsequent paragraphs.

5. The table below encapsulates the movement of funds (inflow and outflow) of RESPONDENT NO. 8 based on his claim on the generation of capital from the proceeds received from Qatar and loans given by him to his companies in the United Kingdom and to a company incorporated in Pakistan namely Chaudhry Sugar Mills Limited:

| **2004-2005** | 936,766 | 1.9199 | 487,924 |

6. It is evident from the above that RESPONDENT NO. 8, except in the years 2001-2002, 2004-2005, 2007-2008, 2008-2009, 2011-2012 and 2012-2013, has extended more funds in the shape of subordinated loans to his companies in the UK and to Chaudhry Sugar Mills Limited in Pakistan, than were available to him after accounting for his claim of proceeds from Qatar. It

JOINT INVESTIGATION TEAM PANAMA CASE

may be noted that in all the UK companies, the paid up capital ranged from GBP 1 to GBP 100 only.

7. Another important factor that is revealed is that the aggregate profit/loss position of known UK companies of Respondent No. 8 for this period 2001-2016 is an **aggregate loss of GBP 10,551,540**. Despite such heavy losses, Respondent No. 8 has managed to erect an empire of real estate assets in UK through the conduit of numerous small size companies that require minimal regulatory reporting disclosures.

8. Furthermore, as per the information available on Respondent No. 8 to the JIT, it has been learnt that he started his business in the UK in the year 2001. Since then, he has remained associated as a shareholder, director and/or company secretary of the following UK Companies that he mostly acquired other than a few that were incorporated:

a. Flagship Investments Limited; paid up capital GBP 1 – year 2001;

b. Hartstone Properties Limited; ; paid up capital GBP 2 – year 2002;

c. Que Holdings Limited; paid up capital GBP 1 – year 2003;

g. Flagship Securities Limited; paid up capital GBP 100 – year 2005;

h. Quint Gloucester Place Limited; paid up capital GBP 1 – year 2006;

i. Quint Paddington Limited (Formerly Rivate Estates Limited); paid up capital GBP 100 – year 2006;

j. Flagship Developments Limited; paid up capital GBP 1 – year 2010;

9. Following is the list of Respondent No. 8's known properties in the UK owned/acquired/mortgaged by Respondent No. 8 and/or his companies:

f. **Quint Eaton Place 2 limited (formerly Quint Etam Place Limited)**. Property located at Flats no.5, 97-99 Eaton Place, London SW1;

10. The aforementioned list of properties is based on the limited information that was available with the JIT; therefore it is a reasonable assumption that more properties in the UK have been or are held by Respondent No. 8 in his name or on the name of his companies/firms/sole proprietorship/partnership firms or in the name of his family members or other benamidars. Respondent No. 8 has failed to provide any documentary evidence (land registry, bank statements, and tax returns) to justify the sources used to own these properties.

11. The sources used for making investments in real estate business in UK companies were mainly bank borrowings, building society loans, inter-corporate financings and director's loans. Financial analysis of companies reveals that reliance was mainly on bank loans, as these companies were shell companies and not trading companies, which used external sources for making investments. Moreover, as per available disclosures given in the financial statements of the UK companies, Respondent No. 8 was not drawing any salary/emoluments from these companies. Hence, Respondent No. 8 had no known source of income to fund investments in real estate.

12. Investments in properties were primarily recorded on cost basis in the financial statements. However, without independent valuations of such investments in real estate, market values of such investments in real estate are not known and recorded in the financial statements.

13. Respondent No. 8 indulged heavily in inter-corporate movement/revolving of capital amongst his companies wherein links of two offshore BVI (British Virgin Islands) companies i.e. Alanna Services Limited and Lamkin SA are established as minority shareholders of Quint Eaton Place 2 Limited and Quint Limited, respectively (companies of Respondent No. 8). These BVI companies forwarded funds to the UK companies, Respondent No. 8 was asked to explain this linkage but responded by denying the liabilities outstanding towards the BVI companies, which is contradictory to the financial position given in the accounts of the companies of which he is a

major shareholder. It is interesting to note that Minerva Services Limited and Minerva Nominees Limited, the shareholders of Nielson Enterprises Limited and Nescoll Limited companies which owned the Avenfield flats at that time, were also the shareholders of the aforementioned companies (Allana Services Limited and Lamkin SA).

14. In addition, Quint Paddington Limited obtained funds/loan from Capital FZE; a UAE based offshore concern, which is also owned by Respondent No. 8. Interestingly, although Respondent No. 8 stated that Capital FZE was created by him in anticipation of buying some properties in U.A.E. which never materialized; was being dissolved; and had no association with any other family member, yet on investigation JIT was able to establish that not only the company remained functional till 2014 but it ostensibly was being managed by under direct control of Mian Nawaz Sharif, Respondent No. 1 as Chairman of the Board.

15. Another company by the name of Hiltern International Limited (an offshore entity) emerged in 2014 to extend a loan to Flagship Investments Limited. Respondent No. 8 did not provide any satisfactory explanation, evidence, document to explain these offshore companies to the JIT and in fact denied ownership of any offshore company.

16. The financials of Quint Limited and Quint Eaton Place 2 Limited for the year ended March 31, 2007 reported fee payable to M Safdar amounting to GBP 188,000 and GBP 170,000 respectively. However, Respondent No. 8 failed to provide explanation of the aforementioned reported transactions. Likewise other Respondents namely M Safdar and Maryam Nawaz themselves disassociated themselves from any business activity of Respondent No. 8. Therefore, the reported figures stand unjustified despite queries put forward by the JIT before the Respondents.

17. Financial accounts of Quint Sloane Limited, yet another company of Respondent No. 8, could not be found despite extensive search on the Companies House Database, UK and was also not provided by Respondent No. 8. Similarly, Respondent No. 8 failed to provide any information on the afore-stated BVI companies.

18. Furthermore, the financials of Chaudhry Sugar Mills Limited for the year ended September 30, 2010 discloses a loan from its sponsor 'Hasan Nawaz Sharif' of PKR 87,348,466 (GBP 658,219). The said loan remained outstanding in the financials of the company for the year ended September 30, 2011, until during the year ended September 30, 2012 where the loan is reported to be paid off, however, no evidence is available for the said loan's repayment to Respondent No. 8 (Annexure D).

19. The banking transactions trail record substantiates that Chaudhry Sugar Mills Limited had repaid PKR 70,000,000 to Maryam Safdar being in excess to the sum owned by it to Maryam Safdar amounting to PKR 41,066,200. The excess amount of PKR 28,933,800 paid to Maryam Safdar by Chaudhry Sugar Mills Limited has been reported as loan from Respondent No. 8 to Maryam Safdar in her income tax return for Tax Year 2012.

20. Following is the list of identified bank accounts of Respondent No. 8 for which he refused to provide any documents / statements to justify the reported funds movement in the financial returns of his companies:

a. Barclays Bank PLC A/c title: Quint Gloucester Place Limited, A/c no: 53644049, Sort Code 20-03-80;

b. Bank of Scotland A/c title: Quint Eaton Place 2 Limited, A/c no: 06104465, Sort Code 12-11-03;

c. An account in Midland Bank between years 1994-1998;

d. An account in Barclay's Bank, campus branch of City University in year 1998 or year 1999;

e. An account in Bank of Scotland;

f. An account in Halifax Bank of Scotland;

g. An account in a South African Bank Invertec Bank;

h. An account in an Australian Bank Clydes dale Bank;

i. An account in Standard Chartered Bank - opened in year 2013;

j. An account in Royal Bank of Canada, Isles of Mann - opened in year 2000;

k. An account in Royal Bank of Canada;

21. The aforementioned list is not an exhaustive list as there are strong probabilities that Respondent No. 8, in addition to the aforementioned banks, may have been operating through several other bank accounts to execute the financial web.

22. In view of the preceding, it is imperative to obtain the complete certified bank record/ statements, certified tax returns and certified documents of sale/purchase of each property (ever owned by Respondent No. 8 or his companies).

23. Furthermore, other documentary evidences substantiating the receipts as loan from Respondent No. 8 by Chaudhry Sugar Mills Limited and its repayments made to the sponsors or other parties is also required as the non-availability of such information leads to gap in the sources available to Respondent No. 8 and his lending to associated companies in the UK and Pakistan, thereby triggering the suspicion of acquiring and possessing "assets disproportionate to the known sources of income" by the respondent.

24. Continuous revolving of funds by Respondent No. 8 amongst his UK companies clearly reveals that the purpose of formation of these companies with insignificant paid-up capital was (a) to evade the disclosure requirements for companies in UK, (b) to give an impression that the real estate empire was built owing to the successful businesses, (c) revolve funds inside and outside UK through his companies instead of his personal accounts to escape any probability of legal actions in-case of any legal proceedings and (d) to camouflage the real origin of funds and mix it with known business to layer the real transactions. Furthermore, it is beyond comprehension as to how any person can manage to establish such a huge business empire comprising of such expensive properties when the business itself has minimal equity and has continuously been incurring losses. (Annexure E).

**Flagship Investments Limited**

25. An emphasis on Flagship Investments Limited has been made herein to explain the whole scheme of Respondent No. 8 in UK. Flagship Investments Limited was incorporated in 2001 by Respondent No. 8 with a paid-up capital of GBP 1 only. The beginning of this company is based on loan given by Respondent No. 8 amounting to GBP 705,071, (to which Respondent No. 8 has referred as proceeds from Qatar that has not been supported by any evidence by Respondent No. 8 and proved otherwise in Para 3 above).

26. The year wise important financial figures are as under:

27. The list of 10 known properties that were owned/mortgaged by Flagship Investments Limited are stated in Para 4 above. These are prime properties located in UK. The ownership documents / land registry papers showing the time, date, amount, party involved of the other parties from whom these properties were acquired/bought have not been shared by Respondent No. 8.

28. From the aforementioned, it is evident that Flagship Investments Limited mainly relied upon loans from Respondent No. 8. The total injection of funds by Respondent No. 8 in Flagship Investments Limited amounts to GBP 3,282,007, with the closing net position of loan from Respondent No. 8 to Flagship Investments Limited as at 2016 of GBP 1,972,279. It is pertinent to mention here that Respondent No. 8 did not provide evidence of the sources of funds (declared sources of income / funds, bank statements, tax returns etc.) through which he made such hefty amount of continuous loaning to Flagship Investment Limited. For this purpose, numerous advices and opportunities were given to Respondent No. 8.

29. Furthermore, Flagship Investments Limited was incurring losses which aggregated to the tune of GBP 1,268,940. It is prudent to say that if a company does not make profit then it becomes highly unlikely for it to remain a going concern. However, in the case of Flagship Investments Limited, not only it remained existent throughout the period under consideration but

also mortgaged at-least 10 prime properties in UK to avail loans from the building societies and financial institutions (mainly banks).

30. Respondent No. 8, despite, numerous opportunities, failed to provide any documentary evidence to justify how, when and for what amount these properties were bought and subsequently sold. Furthermore, Respondent No. 8 also did not provide any record from the land registry to reveal the names of parties involved with Respondent No. 8 and/or Flagship Investments Limited for the sale/purchase of these properties. The banking record was also not made available by Respondent No. 8 regardless of persistence by the JIT.

31. **Conclusion**. The network of companies being established and dissolved over time appears to have been designed to camouflage the activities of Respondent No. 8 and his companies as well as to create a smoke screen in the way of discovering unaccounted wealth, the purchase of properties in the UK and amassing of wealth and properties. The analysis has shown that significant amounts of funds are involved and are being moved discreetly but continuously. The JIT has attempted to unearth the sources of funds and persons behind the underlying transactions but has been severely constrained due to the information that is being withheld from the JIT by the Respondents. Thus far, the Sharif family did not furnish the record that can provide a meaningful explanation of the sources of funds, the origin and acquisition of properties. The JIT has, at every stage of the investigation proceedings, provided Respondent No. 8 and his family the opportunity to produce evidence supporting the purchases but they have failed to do so. It is not fathomable that documentation of transactions and large purchases entailing millions of sterling are not available, and that these transactions were executed on the basis of verbal and mutual understanding.

32. Furthermore, a scheme of revolving funds through inter-corporate financing and through financing from financial institutions is also evident from the financials of the companies. Respondent No. 8 has failed to provide documentary evidence or motive behind revolving of funds in companies which are incurring losses on a consistent basis. It has also been observed that the underlying properties have been mortgaged numerous times to obtain loans from multiple financial institutions and subsequently the loans are retired in time or even before time.

JOINT INVESTIGATION TEAM
PANAMA CASE

A pattern of incorporating loss making companies for revolving of funds and then subsequently ending up being dissolved is also observed.

33. Moreover, it appears that the multiple transactions with other associated companies of Flagship Investments Limited, which involved huge sums of money, was carried out to layer the flow of funds so that the real source / origin of funds and its utilization could not be easily identified. The JIT carried out a painstaking exercise of compiling the record / information of UK based companies and consolidated their financial position year wise, despite flagrant misreporting, misstatement and misrepresentation in the financial statements of the companies, to reveal the asset accumulation of Flagship Investments Limited and other subsequently acquired/incorporated companies in UK from unknown sources.

No bank record detail of Respondent No. 8, Flagship Investment Limited, Hartstone Properties Limited, Que Holdings Limited, Quint Sloane Limited, Quint Eaton Place 2 Limited, Quint Limited, Quint Gloucester Limited, Quint Paddington and Flagship Securities Limited were made available to ascertain the truthfulness of these financial statements.

b. e. Coomber Group obtained loan from Deutsche Bank (Suisse) S.A. amounting to GBP 7 million by mortgaging properties located at 16 Avenfield House 117 – 128 Park Lane London and 16A Avenfield House 117 – 128 Park Lane London. There were three borrowers namely Nielsen Enterprises Limited, Nescol Limited and Coomber Group Incorporated. The loan was distributed amongst Nielsen Enterprises Limited, Nescol Limited and Coomber Group as GBP 1.75 million to Nielson Enterprises Limited and Nescoll Limited each and GBP 3.5 million to Coomber Group Incorporated. As per the legal opinion dated Aug 13, 2008 of Farara Kerins, the facility agreement of the loan from the bank was dated Aug 06, 2008 whereas the loan from Coomber Group Incorporated was disclosed in the financial statements of Que Holdings Limited in 2006-2007. In 2007-2008, Que Holdings Limited reported same loan position from Coomber Group Incorporated

and Flagship Securities Limited had loan outstanding from Coomber Group Incorporated amounting to GBP 150,000. In absence of related banking evidence, it appears that Respondent No. 8 again created loan from a BVI company to fill the financial gaps.

f. The cumulative profit/loss position of Respondent No. 8 companies in this year stood at Loss of GBP 458,853.

g. The absence of aforementioned record to substantiate the claim by Respondent No. 8, establishes that the whole Qatari transaction claims is subjective and without any financial record.

h. Further, the loan amount given by Respondent No. 8 to his businesses exceeded the available funds position with Respondent No. 8, which is a big question mark especially in view of his business making a net loss of GBP 458,853. Further funds movement from Coomber Group Incorporated; a BVI companies into his UK companies also needs further probing.

i. From the analysis of all these years, it is evident that all funds movements amongst his UK companies, loans from banks/building societies and funds flow from BVI companies need to be substantiated in view of the banking record as the financial transactions amongst his companies are merely financial web to hide the actual sources and uses of funds. No banking record was made available at all by Respondent No. 8.

The loan offer document from Allied Irish Bank mentions one of the pre-purchase condition to deposit upfront cash of GBP 850,000 from the Borrower, however, the accounts do not represent any balance as Cash and Bank. | **Loan offer document dated January 4, 2007** | Loan offer document dated January 4, 2007 from Allied Irish Bank - Facility of GBP 4.080 million is incomplete (Security Documents detailed in paragraph 1 of Schedule 1 Missing) and unsigned. Therefore, attested true copy of the loan sanction document is required from the company and the AIB as well. |
| **Financial statements for the year 2009** | The loan amount outstanding as per the financial statements for the year ended March 31, 2009 mentions the bank loan of GBP 4.8 million which exceeds the sanction loan limit facility of GBP 4.08 million from AIB. Reasoning on the aforesaid should be required from the company. |
| **Loan Offer document dated November 8, 2010** | Loan Offer document for Loan Facility of GBP 5.2 million from Bank dated November 8, 2010 is incomplete as Schedule 2 of the document is missing. The same should be required from the Company and Barclays Bank as well. |
| **Financial statements for the year 2010** | The 2010 Accounts reflects loan amount of GBP 5.2 million (2009: GBP 4.8 million). From the analysis it seems that previous loan was retired and new loan from Barclays was sanctioned. The repayment of old loan is not substantiated from sale of any property so the retirement of old loan is questionable. Apparently old loan has been paid off from new loan from Barclays; the accounts are absolutely silent on the afore-referred transactions. Therefore, documentary proof in the form of Bank Statements, Loan sanction documents are required to authenticate the transactions.<br><br>Further, in case it is assumed that the old loan was retired from the receipts of the new loan, then the excess cash of GBP 307,637 (GBP 5,200,000 - GBP 4,892,363) is neither reflected as cash in bank nor the excess amount is represented in stock as WIP. The excess amount needs corroboration which the accounts it-self do not reflect. |

Following on from your meeting with Simon Dekker last week, herewith please find the details pertaining to your discussion on the Quint Limited facility. The current loan balance of £2,128,993 expires on 17 April 2005.

| Given that the full facility comprised: | |

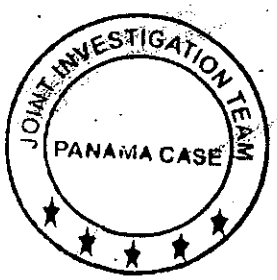
I should mention that it remains a condition of the loan that Westminster Consultants visit the site and produce a certificate, notwithstanding the fact that you will be making the payment direct to the contractor.



We do still require some outstanding Anti Money Laundering documentation to complete your accounts, which I detail below:
Mr H. Shariff: A certified copy of your passport and driving license and 2 either original or certified copies of 2 separate utility bills. (These must be either utility bills or bank statements, and must be dated within the last 3 months).

**22nd September 2004**

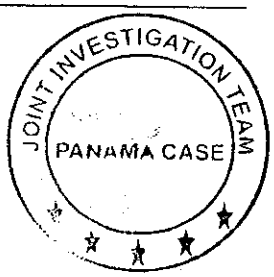
**This replaces Facility letter dated 17th September 2004**

Dear

We are pleased to offer your company a term loan on the terms and conditions set out below and in the accompanying "*Standard Terms and Conditions*".

The amount of the loan, interest and the repayment terms are set out in section 1. What you must provide us with (if we do not already have it) before funds are released is listed in section 2.

So that we may monitor the facilities we ask you to keep within certain financial parameters: these are set out in section 3.



The "*Standard Terms and Conditions*" set out provisions that you will find applying to most commercial loans, for example technical arrangements about "*EMU Compliance*" and "*Taxes*", or give a statement of our standard position, for example on "*Defaults*" or "*Indemnity*".

Because we hold personal information about you, as our customer, we refer you to the Data Protection Act declaration shown above the signature section. Information explaining how we will use your data is detailed on the last page of this letter.

**Confirming your identity** – when you open an account we may ask for additional information to confirm your identity. Bank of Scotland, in common with other financial services providers, has account opening procedures which reflect current legal and regulatory requirements (and best practice industry guidance) aimed at preventing money laundering and terrorist financing. In the event that these requirements are not satisfied but, nevertheless, money is paid into your account, Bank of Scotland may suspend operations on the account until identity is established. This is for your protection as well as ours and is not intended to cause you inconvenience.

If you have any queries about this offer then please contact your lending manager.

**To accept this offer please sign and return the duplicate copy within one month of the above date.**

**How do we use your personal information?** Our main use of your personal information is to look after your account or to provide the specific service you require. Some details we obtain elsewhere - from credit reference agencies or employers, for instance. If you apply for insurance we will pass your details to the insurer. If you make a claim, these details may be put onto a register of claims and shared with other insurers to prevent fraudulent claims. A list of participants is available from the insurer. We may use account details and transactions in our customer contact programme. Occasionally, members of our group of companies may contact you by mail, telephone, e-mail or fax to inform you about other products and services that may interest you. We will only contact you by fax where you have given your explicit consent. We try to limit our customer contact to acceptable levels, but you may exercise your right to opt out, by informing us in writing at: Data Unit, Freepost NWW15306, City House, City Road, Chester CH88 3YZ. **Please remember, that opting out could stop us contacting you about any of our products or services that may benefit you. For example, you may not hear about a new savings or mortgage product that offers you a better rate or saves you money.** Unless consent has been given, we will not provide information about you to companies outside our group to use for their marketing purposes. Sometimes we need to give information to our agents and subcontractors so that they can provide a particular service for us. Sometimes, these companies may be located in countries that do not have data protection laws. In these circumstances we always take great care to ensure that personal information is kept safe and secure. Information may also be shared with other members of our group to keep their records up to date and administer your relationship with them. We are also committed to meeting the standards set by the Banking, Mortgage and Finance and Leasing Association Codes – copies are available on request. Occasionally, these compliance review bodies audit a sample of our customer records to assess our compliance with the Codes. Strict confidentiality conditions are always imposed. Under the Data Protection Act you have the right of access to information we hold about you on our records. The Act allows us to charge a fee of £10 for this service. If anything is inaccurate, please let us know and we will correct it.

If you do not want to receive unsolicited mail, marketing phone calls or faxes from other companies, you can prevent this by registering with the appropriate services. Simply telephone the appropriate number i.e. Mailing Preference – **020 7291 3310**; Telephone Preference – **020 7291 3320**; Fax Preference – **020 7291 3330**. For more details about these Services, please see the Direct Marketing Association's web site (www.dma.org.uk).

**Credit referencing:** If you apply for any credit-based products (e.g. mortgage, personal loan, credit card, current account or Share Dealing account), we will perform a search with a Credit Reference Agency, who will keep a record of the search. After you open a credit-based product, we provide the agency with regular information about how you use it. Other lenders may use this to make decisions on future applications for credit. It may also be used for tracing debtors and to prevent fraud. When opening accounts we may search public records such as the Electoral Roll that are available from Credit Reference Agencies to help verify your identity. Occasionally we search credit and fraud prevention agency records and our own group records, to manage your account and take credit decisions such as whether to offer credit or continue to offer existing credit. These searches are not seen or used by other lenders to assess your ability to obtain credit. 'Associations' linking your financial records may be created on Credit Reference Agency records when you apply for accounts in joint names or with a guarantor. Your financial records, and those of anyone financially associated with you, may be considered in any future applications you make. You can ask the Credit Reference Agencies for a copy of your credit file. If there is anything incorrect on your credit file, you can ask the agencies to add a Notice of Correction. UK Credit Reference agencies are as follows:

**Experian Ltd.**, Consumer Help Service, PO Box 8000, Nottingham NG1 5GX. Tel 0870 241 6212 www.experian.co.uk
**Equifax plc**, Credit File Advice Centre, PO Box 1140, Bradford BD1 5US. Tel 0870 010 0583 www.equifax.co.uk
**Callcredit plc**, Consumer Services Team, PO Box 491, Leeds LS3 1WZ. Tel 0870 060 1414 www.callcredit.plc.uk

If you have been refused credit you can get advice from your local Trading Standards Department, Citizens Advice Bureau or Consumer Advice Centre and the agencies' web sites. The Information Commissioner also produces a useful leaflet entitled 'No Credit?'. You can obtain a free copy on the Commissioner's web site or by telephoning 0870 44 21 211.

**Credit scoring:** If you apply for a credit-based product, the details you provide, the information we already have and information from credit reference agencies are used to assess credit risk using a technique called 'credit scoring'. Various factors in all these details help us to assess the risk. A score is given to each factor and a total credit score obtained. If your score is above a confidential pre-set pass score, the application is likely to succeed. Declined applications based on this technique can be reviewed manually on request.

**Crime prevention and detection:** We have systems that protect our customers and ourselves against fraud and other crime. Customer information can be used to prevent crime and trace those responsible. We may check your details with fraud prevention agencies. If you give us false or misleading information and we suspect fraud, we will record this. We and other organisations may use and search these records to help us to:

• make decisions about credit and related services for you and members of your household: • make decisions on motor, household, life and other insurance proposals and insurance claims for you and members of your household: • trace debtors, recover debt, prevent fraud and to manage your accounts or insurance policies: • check your identity to prevent money laundering, unless you provide us with other satisfactory proof of identity.

Customers with queries should telephone the Fraud Helpline On: 0131 347 7755.

**Introducers and Affinity Partners:** If you were 'introduced' to us by a third party and/or have a relationship with or are supporting one of our affinity partners, we will give them your contact details and sufficient information about you to help with their accounting and administration. Introducers or affinity partners may use these details to contact you about products and services unless you have asked them not to do so.

**Anti-Money Laundering and statutory obligations:** To comply with money laundering regulations, and to help stop criminals using financial products or services to launder money, occasionally we need to confirm (or reconfirm) the name and address of customers. We may need to do this whether you are applying to be a new customer or have been one for some time. Some Acts of Parliament oblige us to disclose information about our customers to certain bodies with statutory powers. For example, we must give information to authorised benefit fraud investigators where fraudulent benefit claims are suspected. In addition, the Inland Revenue has the statutory authority to audit our customers' accounts from time to time.

**E-mail:** If you e-mail us, or give us your e-mail address, we will keep a record of it. We may use it to contact you occasionally about other products and services which may interest you, unless you ask us not to do so. We will not give your e-mail address to any unauthorised third parties. When e-mailing us, always use the e-mail facility on our web sites to make sure that the content of your e-mail is secure. If you send us e-mail in other ways, remember that it will be 'insecure' and could be intercepted. If you do send 'insecure' e-mail, please keep the amount of confidential information you include to a minimum. We will do likewise when we reply.

**Phone calls:** We may record or monitor phone conversations to offer you additional security, resolve complaints, improve our service standards, and for staff training purposes.

**Responsibility for customer confidentiality:** Our employees are personally responsible for maintaining customer confidentiality. We provide training and education to all our staff to remind them about their obligations. Our policies and procedures are regularly audited and reviewed.

**Sensitive information:** The Data Protection Act defines certain information as 'sensitive' (racial or ethnic origin, political opinions, religious beliefs, trade union membership, physical or mental health, sexual life, criminal proceedings and offences). If you apply to us for insurance, a pension, health insurance or life assurance, we may ask you for some 'sensitive' details. We will only use this information to provide the service you require and we will ask for your explicit consent. Some transactions that you (or an additional cardholder) make on a card account may cause sensitive or confidential details to appear on your statement. If your card is used for such transactions, we believe that the details appear on your statement with your explicit consent.

**Business customers:** The Data Protection Act does not generally apply to companies but it does cover sole traders and partnerships. When we receive an application from a business we may perform a search with a credit reference agency on the individual company directors or partners.

**Additional needs:** We are committed to meeting the needs of all our customers. If you have a hearing or speech impairment, you can use Typetalk whenever you contact us.

**Information is available in large print, audio and Braille on request – please ask for details.**

approximate amount of over US Dollars Eight million was determined as payable by the Al Thani family to Respondent No.7. It was agreed that the balance amount payable would be considered discharged upon the transfer to Respondent No.7 of the shares of two companies, M/s Nielsen Enterprise Limited ('Nielsen') and Nescoll Limited ('Nescoll') that held title to the apartments described as Nos. 16, 16-A, 17 and 17-A Avenfield House, 118-127 Park Lane, London, United Kingdom. It may kindly be noted that the Late Mian Muhammad Sharif had arranged for the residence of Respondent No. 7 and Respondent No. 8 in these apartments since the time they were students in London. Respondent No. 8 had continued to stay in 17 Avenfield House during the period the rest of the family was in exile in Saudi Arabia. The eventual basis of the settlement is placed herewith as Annexure-G. A work sheet used by Nasir Khamis, representative of the Al Thani family, as the basis of the settlement is also placed herewith as Annexure-H. Internationally relied upon interest rates are placed herewith as Annexure-I. Documents relevant to the Al Towfeek debt, including an Affidavit of Shezi Naqvi dated 13 January, 2017 are placed herewith as Annexure-J, J/1 and J/2. The fact that the Sharif family had nothing to do with the original purchase by Nielsen and Nescoll of the properties at Avenfield House over the period 1993 to 1996 can be affirmed by Lawrence Radley, solicitor, of Reed Smith LLP, who on behalf of Dibb, Lupton and Broomhead, solicitors, acted for the purchasers/lessees over the period 1993 to 1996 with respect to the properties in issue. Reference may kindly be made to the letters dated 17 and 13 January, 2017 (Annexure-K and K/1).

9. That Waqar Ahmed, a business executive, resident of 160 Holland Gardens, Brentford, TW8 0AY, London was appointed to take physical transfer on behalf of Respondent No. 7 of the bearer shares of Nielsen and Nescoll. The Al Thani

JOINT INVESTIGATION TEAM PANAMA CASE

JOINT INVESTIGATION TEAM PANAMA CASE

approximate amount of over US Dollars Eight million was determined as payable by the Al Thani family to Respondent No.7. It was agreed that the balance amount payable would be considered discharged upon the transfer to Respondent No.7 of the shares of two companies, M/s Nielsen Enterprise Limited ('Nielsen') and Nescoll Limited ('Nescoll') that held title to the apartments described as Nos. 16, 16-A, 17 and 17-A Avenfield House, 118-127 Park Lane, London, United Kingdom. It may kindly be noted that the Late Mian Muhammad Sharif had arranged for the residence of Respondent No. 7 and Respondent No. 8 in these apartments since the time they were students in London. Respondent No. 8 had continued to stay in 17 Avenfield House during the period the rest of the family was in exile in Saudi Arabia. The eventual basis of the settlement is placed herewith as Annexure-G. A work sheet used by Nasir Khamis, representative of the Al Thani family, as the basis of the settlement is also placed herewith as Annexure-H. Internationally relied upon interest rates are placed herewith as Annexure-I. Documents relevant to the Al Towfeek debt, including an Affidavit of Shezi Naqvi dated 13 January, 2017 are placed herewith as Annexure-J, J/1 and J/2. The fact that the Sharif family had nothing to do with the original purchase by Nielsen and Nescoll of the properties at Avenfield House over the period 1993 to 1996 can be affirmed by Lawrence Radley, solicitor, of Reed Smith LLP, who on behalf of Dibb, Lupton and Broomhead, solicitors, acted for the purchasers/lessees over the period 1993 to 1996 with respect to the properties in issue. Reference may kindly be made to the letters dated 17 and 13 January, 2017 (Annexure-K and K/1).

9. That Waqar Ahmed, a business executive, resident of 160 Holland Gardens, Brentford, TW8 0AY, London was appointed to take physical transfer on behalf of Respondent No. 7 of the bearer shares of Nielsen and Nescoll. The Al Thani

## 1 Accounting policies

***Basis of preparation***

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The accounts have been prepared on the going concern basis. Due to the financial position of the company, the validity of this basis is conditional upon the continued support of the director and sole shareholder of the company and its bankers.

The director of the company has confirmed that he will not demand payment of any amount due to him or payment of any amounts due to the related companies, of which he is also a director, for at least the next 12 months from the date of approval of these accounts. The director is not, however, legally bound by these assurances.

Should the company be unable to continue trading as a result of the withdrawal of support from the director or its bankers, adjustments would have to be made to reduce the value of the assets to their recoverable amounts, to provide for any further liability which might arise and to reclassify fixed assets and long term liabilities as current assets and liabilities.

***Turnover***

Turnover represents the net profit or loss on securities trading after accounting for all expenses.

**(Answers to Questions Raised by Honourable Supreme Court of Pakistan in its Order dated 5 May 2017 in case of C.M.A No. 2939 of 2017 in Constitution Petition No. 29 of 2016 etc)**

## ANALYSIS OF JIT ON FIA FIR'S AND NAB REFERENCE (HUDABIYA PAPER MILLS AND HUDABIYA ENGINEERING)

1. The Honourable Supreme Court of Pakistan in its Order dated 20 April 2017 in CMA No. 2939 of 2017 constituted a Joint Investigation Team to carry out a thorough investigation into the issues raised in its detailed judgment. The Honourable Court in addition to raising a number of specific questions directed the JIT in para 3 of its Order to:

"Also examine the evidence and material, if any, already available with the FIA and NAB relating to or having any nexus with the possession or acquisition of aforesaid flats or any other assets or pecuniary resources and their origin. The JIT shall submit its periodical reports every two weeks before a Bench of this Court constituted in this behalf. The JIT shall complete the investigation and submit its final report before the said Bench within a period of sixty days from the date of its constitution. The Bench thereupon may pass appropriate orders in exercise of its powers under Articles 184(3), 187(2) and 190 of the Constitution including an order for filing a reference against respondent 1 and any other person having nexus with the crime if justified on the basis of material thus brought on the record before it."

2. Accordingly, Chairman NAB and Director General FIA were requested to provide certified copies of all cases initiated against the respondents named in the Panama Case. In response to our request, the record of following cases was provided:

a. Copies of the complete case files of FIR No.12/94 dated 10-11-1994 and FIR No.13/94 dated 12-11-1994, PS FIA/SIU, Islamabad, by FIA.

b. Copy of NAB's Interim Reference 5/2000 (Hudabiya Paper Mills -105 pages) and copy of Final Reference No. 5/2000-3065 pages). Copies of order passed by the Division Bench of Lahore High Court and Referee Judge in Writ Petition No. 2617/2011 – 52 pages)

3. Moreover, while going through the above case records, it transpired that State Bank of Pakistan, on receipt of a complaint forwarded by Chief Ehtesab Commissioner's Secretariat vide letter dated 23rd April, 1999, had also carried out a related enquiry. The certified copies of the said report and its underlying records were also obtained from State Bank of Pakistan.

4. **Final Challans of FIA and NAB Reference**. To reflect the brief of investigation of the FIA FIRs No 12/94 and 13/94 and NAB Reference 5 of 2000, the copies of final challans submitted in the Special Court by FIA and NAB reference filed in the Accountability Court are attached as ***Appendix-XXIII***

## ANALYSIS BY JIT

5. As directed by the Honourable Court, the JIT examined record of investigations of FIA cases and NAB Reference and the underlying evidence and material, including witness statements. The examination was essentially carried out with a view to ascertain the nexus of the respondents and their close family members, if any, with any other assets or pecuniary resources with their origin not disclosed, or disproportionate to their known sources of income.

6. During the course of examination of record received from different banks and departments the JIT has collected the following additional evidence which was not on record in the FIA and NAB investigations:

a. New bank accounts including an account of Mr. Mukhtar Hussain an employee of Ittefaq Group/Sharif Family Companies and three bank accounts of Mr. Saeed Ahmed, a confidante of Mr. Ishaq Dar, also mentioned in his statement u/s 164 in the Hudabiya Reference, were identified. The movement of funds in these

accounts have close linkages with the other already identified fictitious / fraudulently opened accounts mentioned in the subject investigations.

b. The JIT investigation revealed that the process of money laundering actually started in September 1991 as against the first identified transaction in August 1992 by FIA and NAB investigations. These transactions showed that funds to the tune of USD 2,238,333/- were deposited in the first two such accounts opened in the name of Saeed Ahmad and Mukhtar Hussain. Subsequently, the total funds from these account were transferred to the accounts of Musa Ghani and Talat Masud Qazi, two person already identified in the previous investigations, through Dollar Bearer Certificates (DBCs) in order to hide the source of funds. A chronology of events is furnished at the end.

c. Out of the total outflow outside the country, an amount of USD 3.907 million was sent to United Kingdom. This amount included USD 0.350 million to Shamrock Consulting Corporation, London already identified in FIA's challans. However, the JIT discovered an additional USD 3.557 million remitted to different companies and individuals in London during the period 1993 to 1995.

d. Parallel comparison of the cases filed by FIA in 1994 and NAB's final reference filed in the year 2000 revealed very strong inter linkages between the cases filed in different time frames, by two different investigating institutions. In fact substantive portion of the aggregate funds identified in FIRs of FIA were traced to the bank accounts used/mentioned in the NAB reference on Hudabiya Paper Mills. Investigations revealed for example DBCs of USD 3.800 million, bearing specific numbers, were issued from one account disclosed in the FIA case; subsequently, the DBC's bearing the same serial numbers were deposited in bank accounts of Qazi family mentioned in the NAB reference.

e. In addition to the new evidence brought on record, a comprehensive start-to-end trail of funds encapsulating the evidences covered by the FIA and NAB's

investigations for the entire period from 1991 to 2000 depicted in a detailed flow chart of funds, with relevant evidences collected during the course of investigations, is placed from ***Appendix-I to XXV***.

f. An evaluation of Mr. Ishaq Dar's statement made u/s 164 in the Hudabiya Reference was carried out with specific reference to the banking/ financial transactions mentioned therein. This evaluation revealed that the aforementioned statement was substantively corroborated by documented banking records/ evidence and witness statements forming part of the Reference.

g. It is also worth mentioning that soon after the Promulgation of Protection of Economic Reforms Act 1992 on 28-07-1992 when Respondent No. 1 was the then Prime Minister, majority of the fake/fictitious and fraudulent bank accounts were got opened. This fact was also mentioned in Mr. Ishaq Dar's Statement made u/s 164.

## CONCLUSION

7. In light of above findings, it can be safely concluded that since the inception in 1991 and culminating in 1998, various fictitious and fraudulent foreign currency accounts were opened and loans were obtained/secured with deposits therein used for the benefit of business concerns namely; Hudabiya Papers, Hudabiya Engineering, Chaudhry Sugar, Hamza Board Mills owned by the respondents and their close family members. Finally, the unwinding of intricate loan structure, set up by Respondent No. 10, was completed in 1998 whereby the entire remaining proceeds amounting to Rs.712 million approximately ended up in the two companies namely Hudabiya Paper Mills (Rs.642 million) and Hudabiya Engineering (Rs.70 million) as advance against share subscription.

8. Since 1998 both companies have not issued shares against the advance. According to the returns, including the audited financial statements submitted by these companies with the

Securities and Exchange Commission of Pakistan, there is no claim made whatsoever by any person against the companies demanding issuance of share certificates against the advance or return thereof. This indicates that the persons on record of the company i.e. Saddiqa Sayed Mahfoodh Hashim Khadem and members of the Qazi family transferring such huge funds in the accounts of the company (as advance against share subscription) were not the actual depositors of these funds. The actual persons making these deposits, apparently, intended to hide their true identities. It is evident that the real beneficiaries of these funds were the equity holders in the HPML. It may further be noted that the nexus of Respondents No.1, 6 and 7 is established by the fact that they are cited as accused while Respondent No.10 is cited as an approver in the NAB final Reference No.5 of 2000.

9. It is also pertinent to note that in audited accounts of Hudabiya Paper Mills Ltd., for the year ended June 30, 2000, it was observed that an amount outstanding to Rs.310.23 million on June 30, 1999, on account of liabilities against assets subject to finance lease payable to Al-Towfeek Company for Investment Fund, Bahrain and was settled and converted into a long term loan of Rs.494.960 million during the year according to the audited accounts of the company. As per accounts of the company filed with the SECP, the aforesaid liabilities against assets subject to finance lease of Al-Towfeek Company were settled for US$ 8 million on January 5, 2000. The settlement amount of US$ 8 million was converted into PKR @ Rs.53.80/US dollar prevailing on the date of settlement. The loan of Rs.494.960 million was booked against the settlement of liability, i.e. against assets subject to finance lease, plus loading of onetime cost of 15%. The audited accounts do not disclose the identity of the lender who provided this loan to the company for adjustment of settlement amount to Al-Towfeek. The status of this loan remained unchanged till the last accounts were filed with SECP pertaining to the period ended June 30, 2005. Audited accounts for the years ended June 30, 2000 and 2005 are attached at ***Appendix-XXIV & XXV***. The above disclosures are at a variance from the stated positions taken by Respondents No. 6, 7 and 8 in their CMAs. According to Respondent No. 7, he was informed by a representative of Al-Thani family of Qatar that US$ 8 million were paid by that family to Al-Towfeek Company in January 2000, in connection with the decree issued by the High Court of Justice-Queen's Bench and the out of court settlement agreement between the parties. The Respondent No. 7

further stated that he was informed by the representative of Al-Thani family that the payment was made on the instructions of Mian Sharif out of the funds placed by him with them.

10. If the above stance taken by the Respondents is correct, thus in that case, the outstanding liability to Al-Towfeek Company, was in fact taken over by Mian Sharif and under the norms of accounting disclosures, should have been reflected in the accounts of Hudabiya Paper Mills Ltd, as a Loan from Directors, as Mian Sharif was a director of the company at the date of substitution, instead of a long term loan payable to an undisclosed lender.

## RECOMMENDATIONS

11. The JIT has brought on record substantial additional evidence which substantiates and corroborates the FIA and NAB investigations and also establishes the linkages between the two investigations. It is recommended that all the three cases are fit to be reopened for investigation and trial on the basis of new additional evidence procured and brought on record by the JIT.. In view of the foregoing, the Honourable Bench may pass appropriate orders including filing of reference against the accused already identified in the referernce, if deemed fit.

12. In view of the significance of the key role played by Mr. Saeed Ahmad in light of evidences and witness statements already on record and additional evidence collected by JIT in the Hudabiya Paper Mills reference, his name also be added to the list of persons accused in the case.

13. Similarly, based on the significance of his role in the FIA FIRs and in light of new evidences collected by JIT the name of Mr. Javed Kayani may also be included in the list of persons already accused in the case.

## CHRONOLOGYOF EVENTS

1. Javed Kiyani, an account holder of Habib Bank AG Zuerich (HBAZ), Lahore having close relationship with the branch officials, assisted in opening of fictitious Foreign Currency Accounts (FCAs), remitting funds into these accounts and to further utilize Foreign Currency available in these accounts as collateral for loans to some of the Group companies of Sharif family.

2. Mr. Ishaq Dar (ID) submitted an affidavit under an Oath for the money laundering carried out by him through "Benami Accts" for the "Sharif Family". He completed his accountancy from Institute of Chartered Accountants in Wales, London UK. During his education he stayed with Masood Ahmed Qazi and his family and became friends. Mr Ishaq Dar who had been a class mate of Nawaz Sharif in Govt College Lahore, came back to Pakistan and worked his way through different jobs and businesses. He, after working with various companies, started his own Modaraba Company in year 1991 with the name of First Hajveri Modaraba Company with a capital of Rs.150 Million. In his confessional statement he admitted that he had been handling the money matters of the Sharif family and also alleged that Mian Nawaz Sharif and Mian Shahbaz Sharif were involved in money laundering worth at least USD14.886 Mn. 5. During 1992. Javed Kiyani started transferring money from different accounts abroad into Benami FCAs opened at HBAZ in the form of Foreign Telegraphic Transfer (FTTs), Dollar Bearer Certificates (DBC) & Traveller Cheques (TCs). Multiple interbank transfers of large amount were carried out in order to create a cloud cover to hide the money trail.

6. Evidence of transactions worth USD 2,343,028/- in Sulman Zia account carried out during the period 1992-94 is attached at ***Appendix-IV***.

7. Evidence of transactions worth USD 1,562,477/- in Muhammad Ramzan account carried out during the period 1992-93 is attached at ***Appendix-V***.

10. FCY funds accumulated in these fictitious FCA's/ DBCs of significant amount were issued. The issued DBCs were deposited in some of the fictitious FCAs of Qazi family. The FCY received in these accounts further utilized as collateral for loans to some of the Ittefaq Group companies. In addition, funds from these accounts were also remitted outside Pakistan through a draft in the name of Sara Sheikh (reportedly daughter of Sheikh Saeed), FTT in the name of Khedivial Mail Line Agency UK, FTTs to Shamrock Consulting, London and draft in the name of Star Trading & Merine Inc. Washington.

11. Ishaq Dar opened Benamidar FCAs in the names of Sikindra Masood Qazi & Talat Masood Qazi in BoA, Lhr (UK National) on direct instructions of Mian Muhammad Nawaz Sharif. During the same period, two Benamidar FCAs were opened by Naeem Mahmood in the names of Kashif Masood Qazi and Nuzat Gohar Qazi in same bank; details attached at ***Appendix-VIII***). These FCAs in the name of Qazi family were opened/ operated by Ishaq Dar &

Naeem Mehmood under the instructions of NS and were used for transfer of FCY funds of Mian Muhammad Nawaz Sharif abroad (for purchase of offshore companies/ properties). Two previously opened FCAs of Saeed Ahmad (former director and shareholder of Modabra Company and a close friend of Ishaq Dar) & Musa Ghani (nephew of wife of Ishaq Dar) were also used for same purpose. Various FCAs were opened in different banks.

12. Evidence of transactions in Kashif Masood Qazi account done during the period 1993-94 is attached at ***Appendix-IX***.

13. Evidence of transactions in Nuzhat Gohar Qazi account done during the period 1992-94 is attached at ***Appendix-X***.

16. Evidence of transactions in Musa Ghani account done during the period 1992-93 is attached at ***Appendix-XIII***.

17. On 23-9-1991, an FCA of Saeed[1]d Ahmad was opened in Bank of America, Lahore Branch. Almost all funds accumulated in this account were through FTTs. On 4-6-1992, DBCs of almost aggregate funds of USD 1,074,000/- were issued. On the same date, the same amounts of DBCs were deposited in the newly opened account of Musa Ghani. Subsequently, various other accounts of Saeed Ahmad were also opened in different banks.

18. Evidence of transactions in Saeed Ahmed accounts (Al-Baraka Islamic Bank, Emirates Bank, Bank of America and Al-Towfeek Bank) is attached at ***Appendix-XIV***.

---

[1] These evidences were identified by JIT after detailed probing of the facts.

19. Similarly, on 12-5-1992, an FCA of Mukhtar Hussain (a senior employee of Ittefaq Group Companies) was opened in Bank of America, Lahore Branch. Funds of USD 1,162,000/ accumulated in this account comprised of an FTT of USD 861,102/ and a cash deposit of USD 300,000/-. On 30-6-1992, DBCs of total accumulated amount of USD 1,162,000/- were issued. The same amount of DBCs on the same date was deposited in the account of Talat Masud Qazi in the same bank.

20. Evidence of transactions in Mukhtar Hussain account done during 1992 is at ***Appendix-XV***.

21. Against marking lien on these Benami FCAs, credit lines (loans) worth more than Rs.300 Million for Hudabiya Engineering Mill, Hudabiya Paper Mill, Chaudhry Sugar Mills, Hamza Board Mills, Hajvery Holdings and First Hajvery Modaraba were acquired from multiple local banks during year 1991 onward (documentary evidence is attached at ***Appendix-XVI***). Further, during this period, loans were also allowed to some individuals related to Sharif family group companies and Hajvery group companies by marking lien on deposits in these Benami FCAs.

22. In last quarter of 1993, credit facilities/ collateral (FCAs operated by ID & Naeem Mehmood) in Bank of America (BoA) were transfered to Al-Faysal Investment Bank and At-Towfeek Investment Bank (documented evidence is at ***Appendix XVII***).

23. On 10 & 12 Nov 94, the FIA lodged FIR #12/94 against Benami FCAs of Sharif family and FIR #13/94 against the directors of Hudabiya Paper Mills owned by Sharif family (FIRs attached at ***Appendix XVIII***)

24. FCY amount worth USD 350,000/- was transferred from Sulman Zia FCA to Shamrock Consulting Corporation London (presumably owned by NS) having account in Llyod Bank London in three different transactions (evidence attached at ***Appendix XIX***).

25. During 1993-95, cash amounting USD 62,610/- was transferred from Sulman Zia account to Star Trading & Marine in Corporation Washington DC, USA (owned by Sheikh Saeed- a UK National and close friend of Ishaq Dar), amount worth USD150,000/- transferred from Asghar

5. SKILL OF WRITING

All the above writings/figures are highly skilled and have been written with developed and matured hand with rapid speed, It is impossible rather impracticable to imitate such highly skilled writings.

6. LINE QUALITY IN PEN MOVEMENTS.

Line quality in pen movements is quite natural, free fluent without any unnatural points of hesitations, pen pauses, pen lifts, careful retouchings or attention paid to the details, but on the otherhand careless free flourished, terminal pen strokes have been observed, which are all as a rule important inherent characteristics of genuineness, as have been illustrated on the comparative table of enlargments.

7. UNCONSCIOUS PEN EMPHASIS.

Initial and terminal pen strokes of letters and words have been written with forceful stressed unconscious pen emphasis in the above questioned and known specimen routine writings, as have been illustrated on the comparative table of enlargments.

8. IMPORTANT HANDWRITING CHARACTERISTICS.

Comparison of the above writings/figures indicate similarities in important unconscious handwriting characteristics, such as pen positionings, as observed in curved strokes of all the letters, forearm pen movment positionings, peculiar letter characteristics

In repeated letters, connecting impulses in inter connecting letters, inconspicuous unconscious characteristics in careless free sign 't' and 'f' bars, sign dots and also sign fullstops, alignment generally remaining above the baseline and also in relative spacings, as have been illustrated on the comparative table of enlargments.

In view of the above observations, I am of the opinion that, these two sets of questioned and known specimen routine writings/figures are similar in important handwriting characteristics and therefore have been written by one and the same person.

9. EXAMINATION AND COMPARISON INTER-SE WITH EACH OTHER OF WRITINGS/FIGURES ON THE APPLICATION FOR T.T. FOR AMOUNT OF US $ 1,50,000/- DATED 8.12.93, US $ 2,43,630/- DATED 10.2.93 & US $ 63610/- DATED 4.7.93.

Examination and comparison of the writings/figures written in black on the applications for Telegraphic Transfer for US $ 150000/- dated 8.12.93 (Flag -A), US $ 243630/- dated 10.2.93 (Flag-B) and T.T. for US $ 63610/- dated 4.7.93 (Flag -C) inter-se with each other indicate similarities in all the above important handwriting characteristics and also show inherent characteristics of genuineness in the above questioned writings/figures, such as skill of writing, pen positionings and shadings, pen movements in line quality, unconscious pen emphasis, connecting impulses, peculiar letter characteristics, alignment, inconspicuous unconscious characteristics and also in relative spacings, as have been illustrated on the comparative table of enlartments.

Examination and comparison inter-se with each other of the writings/figures on the Debit Authorities showing an amount of US $ 8114/- DATED 27.9.93(Flag-E), US $ 1900/- dated 27.9.93 (Flag -F) and US $ 2000/- dated 27.9.93 (Flag -G) indicate similarities in all the above important handwriting characteristics and also inherent characteristics or genuineness, such as skill of writing, pen positionings in curved strokes of all the letters, pen movements in line quality, unconscious pen emphasis, alignment, connecting simplusa, inconspicuous characteristics and also in relative spacings.

In view of the above observations, I am of the opinion that, the writings/figures in all the above three Debit Authorities (Flag E, F & G) are similar in handwriting characteristics and, therefore, have been written by one and the same person.

11. EXAMINATION AND COMPARISON OF WRITINGS/FIGURES OF DEBIT AUTHORITIES MARKED AS FLAG E, F & G WITH THE WRITINGS/FIGURES ON THE APPLICATION FOR T.T. MARKED AS FLAG A, B & C.

Financing Facility of Rs.70.125 Million-Repayment of Over-Dues

Reference our various earlier letters, last reminder letter being dated March 20, 1996 (a copy is enclosed for your information) and our discussions requesting you for repayment of the above facility maturing on 10-04-96. An amount of Rs.83,145,823 (Morabaha Rs.70,125,444 plus other dues of Rs.13,020,379) will be due for repayment.

The above financing facility has been secured against a Letter of Lien and Right of set-off against USD deposit with us of a non-resident individual. Please note that the letter of set-off duly executed by the depositor in our favour provides us discretion without any reference to the depositor, to sell US Dollar deposit along with profits accrued thereon and adjust all outstanding dues to ourselves in the event of a default in financial obligation by HECO.

We hereby give you this final notice to please arrange the repayment of all our dues before the due date, failing which we will proceed to adjust all our dues, including default surcharge, on account of HECO against entire balance in the USD deposit under lien with us. Please note that we have also sent this notice to the USD deposit holder.

Please note that the exchange conversion of the total present outstanding balance in the USD deposit under lien with us at current market rates will give us approx. Rs. 82 million which will be adjusted against your liabilities and the bank will demand payment of the balance dues and accordingly take all necessary measures to recover the amount.

We fully hope that you will appreciate our position and make arrangements for immediate payment of all your dues without any further delay.

Thank you and appreciate the trust and confidence you placed in our bank.

Yours,

For and on behalf of

Proposed Financing Facility of Rs.

HAMZA BOARD MILLS LTD

February 20, 1994

Proposal Summary

We have been approached by Bank of America (BofA), Lahore, to provide a financing facility of Rs.70,000 million to the above named company for its working capital requirements for a period three months roll-over against our lien on third party US Dollar deposits. The financing rate applicable to this financing will be 13.00% per annum (less 0.5%, which will be a referral fee to be paid to BofA) and FIBL's spread will be in excess of 4% (working attached).

Company Information

Hamza Board Mills Ltd (HBML) was incorporated as a Public Limited Company in March 1992 with the object of manufacturing hard and soft boards, chip and particle boards and allied products primarily made from sugar bagasse, and is an associate company of Chaudhry Sugar Mills Ltd which should provide the company an abundant supply of bagasse, ensuring availability of raw material. The company has recently come into operation and no operating results have yet been prepared.

Financials

Compliance with NBFI Regulations

With reference to NBFI Circular No. 18 of December 1993, the company has no over-dues in its name with any financial institutions. However, SBP report has shown that HBML is in a group which has overdues to financial institutions. We have discussed the same with the management and they have clarified the position to our satisfaction. Specifically, as per the Department's definitions, a group is based on common directors holding 10% or more of the voting of the said companies. HBML, however, shares no common directors with the group which is reported to be in default. As such, we believe the proposed financing is in compliance with the relevant State Bank/NBFI regulations.

Recommendation

On the basis of the excellent returns deriving from the proposed facility and our satisfaction with the security offered, we propose a 3 month facility (on roll-over basis) of Rs.70,000,000/- (Rupees Seventy Million Only) favouring Hamza Board Mills Ltd be approved as per the terms and conditions given below:

| | |
|---|---|
| Amount | Rs.70 million |
| Tenor | 3 Months roll-over basis. |
| Mark-up | 13.00% p.a. |
| Security | As detailed above. |

Sub: Your Financing Facility of Rs.80.074 Million-Repayment of Over-Dues

Please refer to our various earlier letters, last reminder letter being dated March 12, 1996 (Copies enclosed for your information) and our discussions requesting you for repayment of our financing facility matured on 20-02-96. An amount of Rs.94,486,619 (Morabaha principal of Rs.80,074,245 plus other dues of Rs.14,412,374) is now over-due for repayment.

As you are aware above financing facility has been secured against a Letter of Lien and Right of Set-off against USD deposit with us of a non-resident individual. Please note that the letter of lien and right of set-off duly executed by the depositor in our favour provides us unconditional option, without any reference to the depositor, to sell US Dollar deposit along with all profits accrued thereon and adjust all outstanding dues to ourselves in the event of a breach of financial obligation by HBML.

We , therefore, hereby give you this final notice to please arrange the repayment of all our dues two weeks from the date of issue of this letter, failing which we will proceed to adjust all our dues, including late payment surcharge, on account of HBML against entire balance in the USD deposit account under lien with us. Please note that we have also sent this notice to the USD deposit account holder.

Please note that the exchange conversion of the total present outstanding balance in the USD account under lien with us at current market rates will give us approx. Rs. 90 million which will be adjusted against your liabilities and the bank will demand payment of the balance dues and will accordingly take all necessary measures to recover the amount.

We earnestly hope that you will appreciate our position and make arrangements for immediate payment of all your dues without any further delay.

We thank you and appreciate the trust and confidence you placed in our bank.

Thank you,

Sincerely yours,

CHAUDHRY SUGAR MILLS LTD

March 08, 1994

**Proposal Summary**

We have been approached by Bank of America (BofA), Lahore, to provide a financing facility of Rs.70.000 million to the above named company for its working capital requirements for a period of three months roll-over against our lien on third party US Dollar deposits. The financing rate applicable to this financing will be 13.00% per annum (of which 0.5% will be a referral fee to be paid to BofA) and FIBL's spread will be in excess 4% (working attached).

**Company Information**

Chaudhry Sugar Mills Ltd (CSML) was incorporated as a Public Limited Company in Augu 1991 and is engaged in the production of refined white sugar. The company has a crushi capacity of 6,000 tonnes per day (extendable to 8,000 tonnes per day), and being situated in cane growing area anticipates no difficulty in procuring sufficient supplies of raw materials. T company commenced production in early 1993 and management expect a recovery rate of which is in line with industry standards. Sugar industry economics remain good and it is expec that the company should not have difficulty in honouring its financial obligations.

**Financials**

The accounts for the company's first year in production, the year ended September 1993, have yet been prepared. We summarise below CSML's Balance Sheet as on September 30, 199 CSML had not yet entered production, no Income Statement is available.

**Compliance with NBFI Regulations**

With reference to NBFI Circular No. 18 of December 1993, the company is not in default and has no over-dues against its name with any financial institution. However, SBP report has shown that CSML is part of a group which has overdues to financial institutions. We have discussed the same with CSML's management and they have clarified the position to our satisfaction. Although CSML shares a director, Mr Hussain Nawaz, with Ittefaq group companies which are in default to banks/NBFIs, CSML has confirmed that Mr Hussain Nawaz holds less than 10% of the equity of the company (copy of certified letter from GM Finance & Corporate Affairs of CSML enclosed). According to the NBFI Department's definitions, a group company is one in which common directors hold 10% or more of the equity of the said companies. As such, we believe the proposed financing is in conformity with the relevant SBP/NBFI regulations. Also enclosed is the certified list of directors of CSML and the Ittefaq Group.

**Recommendation**

On the basis of our satisfaction with the security offered, we propose a 3 month facility (on roll-over basis) of Rs.70,000,000/- (Rupees Seventy Million Only) favouring Chaudhry Sugar Mills Ltd be approved as per the terms and conditions given below:

REFERENCE UNDER SECTION 18(g) READ WITH SECTION 24 OF THE NATIONAL ACCOUNTABILITY BUREAU ORDINANCE, 1999.

**Respectfully Sheweth,**

1. ◦ An interim reference against the accused Nos. 1-2 and 4-6 was filed before the Honourable Accountability Court Attock, under section 18(g) of the NAB ordinance whereby it was submitted that the directors / shareholders and beneficial owners of M/S Hudaibya Paper Mills (HPML) had committed acts of corruption and corrupt practices defined under Section 9 of the NAB Ordinance 1999.

◦ It appeared that there was an unexplained investment of Rs. 642.743 Million appearing in the books of HPML as share deposit money. The same belonged to the directors / shareholders and beneficial owners of the company, which they had fraudulently amassed under the garb of foreign equity investment. Further more, in November, 1999, the company had settled its loan with Al-Towfeek Company for Investment Funds, London by making a payment of US $ 8.7 million and the source of this payment also appeared to be doubtful.

◦ Further investigation was carried out into the matter and in the light of additional evidence this Reference is being submitted to be read with and in addition to the interim Reference already filed.

2. ◦ I have gone through the record placed before me, the statements of witnesses and report of the Investigation Officer.

◦ It appears from the evidence that in order to launder and conceal their ill-gotten wealth, accused No. 3 & 4, Mr. Nawaz Sharif and Mr. Shahbaz Sharif appeared to have fraudulently opened fictitious foreign currency accounts in the names of various individuals with the active connivance of some of their close associates and employees. The amounts that have been deposited in the said accounts stand unexplained & appear to be beyond the known source of income of the accused individuals.

◦ The fraudulent accounts and deposits therein were used by the accused persons as collateral to obtain loans from various financial institutions,. Subsequently, the same deposits were released, en-

BRIEF DESCRIPTION OF THE OFFENCE.

1. During the scrutiny of the record pertaining to the accounts of M/s. Hudaibya Paper Mills Ltd. (hereinafter called "HPML") for the year 1996-97 and 1997-98, National Accountability Bureau (NAB) Chief Executive Secretariat Islamabad observed that a sum of Rs.304.69 million and Rs.612.273 million in respective years was ***shown as share deposit money.*** Such a huge influx of investments in a company whose share capital prior to this addition was only Rs.195.7 million & which was carrying huge accumulated losses to the tune of Rs.809.384 million, raised serious doubts as to the bonafide of this investment. Resultantly, Chairman, NAB, ordered the investigation of the matter under NAB Ordinance,1999 and the undersigned was entrusted with the investigation.

2. During investigation, it was established that the allegations leveled against HPML were true. Accordingly, an interim challan of the reference was submitted in Accountability Court, Attock on 27/03/2000 against the company as well as its Directors/Beneficiaries and the associate accused persons. Now, the investigation of this reference has been completed, hence, this challan is being submitted for onward submission in the Court of Law to take the cognizance of the offence. This report, its schedules as well as the documentary evidence attached with this report will form an integral part of the interim challan / evidence already submitted in the court.

3. During further investigation of this reference, it has been found that Sharif Family was in possession of voluminous illicit proceeds and it was difficult for them to explain its source. In order to conceal the source of the acquisition of this illicit money, Sharif family resorted to the modern techniques commonly referred to as "*Money* Laundering" i.e. placement of illicit money in the bank accounts, channeling the same through various banks & creating layers of transactions to conceal the source and to finally integrate this money into main stream financial system.

4. As per record, HPML is a non-listed company limited by shares, is and has always since its incorporation, remained essentially a Sharif Family business entity with no participation of any outsider. Though the legal form of the business is that of a limited company but in substance it is a private business concern of the Sharif Family. The senior Sharif Family members conceived the idea of setting up of the Paper Mill raised the capital outlay, implemented the same and were fully responsible for running its affairs. The Mill being the family business was set up for the benefit of the Sharif Family as a whole. The initial capital was raised in the names of the family members and later on the funding requirement for the project were met by the accused by injection of their ill-gotten and illicit wealth through carefully planned and executed money laundering techniques. They enjoyed absolute authority in running the affairs of the company on account of the powers vested with them by virtue of the share holding. The share holding by male members of the family is either in their own name or in the names of their spouses/minor children.

   Apart from the directors of the company, Mian Muhammad Nawaz Sharif holds 375, 000/- shares of Rs.100/- denomination each in the name of his minor daughter Miss Asma Nawaz Sharif, while Mian Shahbaz Sharif holds 10,000/- shares in his own name and 303,000/-shares in the name of his minor daughter Miss Rabia Shahbaz Sharif. At no point of time has any individual except immediate members of the Sharif Family held any shares in the company.

5. In the year 1992, a new law in the name of "The Protection of Economic Reforms Act, 1992" was promulgated in the country according to which bonafide foreign currency accounts were provided with immunity from any inquiry or investigation as to the source of funds. In an attempt to derive the benefit of concealment of ill gotten wealth through the protection available under the above Act, the Sharif Family with the connivance and professional guidance of Muhammad Ishaq Dar (one of their close friends), fraudulently opened / operated fictitious foreign currency accounts in the names of Mrs. Sikandra Masood Qazi, Kashif Masood Kazi, Talat Masood Kazi, Mrs. Nuzhat Gauhar and Mr. Moosa Ghani (a nephew of the wife of Muhammad Ishaq Dar) in the Bank of America, Lahore now known as Union Bank (hereinafter called "BOA"). They also opened a benami foreign currency account in BOA in the name of Mukhtar Hussain (one of Sharif's employee). Another foreign currency account already existing in BOA in the name of Mr. Saeed Ahmed (a close friend of Mr. Dar) was used by Sharif Family for their designs of laundering ill-gotten wealth.

6. Under the instructions received from Mian Nawaz Sharif and Mian Shahbaz Sharif, all the bank documents (from the signing of "account opening form" till the closure of these accounts, including instructions given to the banks for the operation of these accounts from time to time) were fraudulently prepared and signed by Muhammad Ishaq Dar in the names of Sikandra Masood Qazi, Talat Masood Qazi and Moosa Ghani. Whereas the bank documents pertaining to the accounts of Mr. Kashif Masood Qazi and Mrs. Nuzhat Gohar were fraudulently prepared and signed by Mr. Naeem Mehmood (an employee of a company of Muhammad Ishaq Dar). This was done under the direct verbal instructions of Mian Nawaz Sharif and Mian Shahbaz Sharif. In order to use the bank account of Mukhtar Hussain with BOA, the requisite documents were got signed form him directly by Sharif Family, whereas in case of accounts of Mr. Saeed Ahmed with AL-Towfeek Investment Bank & Emirates Bank International Lahore, signatures were obtained from him through Muhammad Ishaq Dar.

7. After the opening of these accounts, illicit funds belonging to the Sharif Family were deposited and immediately thereafter Pak. Rupee loans in the names of Sharif Group Companies were obtained from BOA, using the same deposits as primary security for these loans. Apart from their own companies,

borrowings were also affected in the like manner for the benefit of Hajvery Group of companies (owned by Ishaq Dar) from where funds of similar amounts were lent to the Sharif Group of Companies. Subsequently these funds were shifted from BOA to other banks/ financial institutions using the same modus operandi for the same reasons/ objectives. These institutions included Al-Faysal Investment Bank Ltd. (AFIBL), Citibank Lahore, Emirates Bank International (EBI), Atlas (BOT) Investment Bank Lahore, Al-Towfeek Investment Bank, Lahore, & Al-Baraka Islamic Bank, Lahore. Parking of Deposits / Loans in these various institutions was in fact the layering part of money laundering, with an objective of concealing the source of funds.

8. In the year 1995, due to different investigations conducted by Pakistani Agencies as well as the research reports published in the National / International Press, this modus operandi of Sharif Family was exposed especially with reference to fraudulently opened fictitious accounts of Qazi Family. Therefore to avoid any further embarrassment on the political front, they were compelled to evolve a new strategy; Temporarily, the deposits with Al-Towfeek, Al-Baraka & Atlas BOT were pooled in the A/C of Saeed Ahmed with EBI, and Sharif Group Companies availed loans indirectly through Hajvery Modaraba (Owned by Ishaq Dar). Later on, again with the active assistance of Mr. M. Ishaq Dar, alternate names were considered to replace the names of Qazis. However, for the implementation of the same, appropriate time was awaited and it was accomplished once the Govt. of Mian Nawaz Sharif took office. The said plan was implemented through explicit support of banks and money changers.

9. In march 1998, Sharif Family decided to unwind the financial matrix constructed by them in various banks over years, by way of liquidating the dollar deposits in these fraudulent accounts and adjusting the loans obtained against these deposits. In order to achieve this goal, an unscrupulous method was adopted according to which, the Bank Managers were requested to arrange for telegraphic transfers (TTs) of dollar deposits equivalent to the collateral held by these banks, from abroad (with the help of money changers) in favor of HPML. It was further requested that in these TTs, the name of the ordering customer should be mentioned as Saddiqa Sayed Mahfoodh Hashim Khadim and the purpose of this transfer of money should be quoted as share deposit money. Sharif Family assured the banks that after the receipt of these dollar TTs, the Pak. Rupee proceed of the same will be used to pay off their Pak. Rupee loans to these banks. It was further assured that after the payment of Pak. Rupee loans the released dollar collateral would be reimbursed to the money changers and money changers was also paid a commission for his services.

10. The Plan so conceived could not be fully implemented due to Pakistan's Nuclear Detonation on 28.5.1998, the date on which all foreign currency accounts were frozen under the directive of SBP. BY the said date only a sum of US dollar 6.674 million equivalent to Pak. Rs. 294.364 million were transferred to the accounts of M/s HPML as share deposit money from Saddiqa Sayed Mahfoodh Hashim Khadim. As explained above the said dollar deposits were withdrawn from the accounts of Qazi Family with AFIBL and Mr. Saeed Ahmed with EBI.

11. After the freezing of foreign currency accounts, Sharif Family was left with no option except to convert dollars kept in these banks, into Pak rupees and inject the proceeds thereof into the accounts of M/s. HPML as share deposit money from each of the deposit holder respectively. The funds so received in HPML were immediately appropriated and the borrowing raised by HPML and other companies of the Sharif Group from respective banks were liquidated.

12. A brief chronology of money laundering operations carried out by the Sharif Family during April, 1992- June 1998, to conceal the ill-gotten wealth & its real beneficiaries, is appended below: -

(a) Details of opening of fraudulent foreign currency A/Cs at BOA in 1992 are given below;

| Date of A/C Opening | US $ A/C # (6214-) | A/Cs Title | Initial Deposit. | Max. Bal.* At one time. |
|---|---|---|---|---|
| 08.04.1992 | 197526-091 | Sikandra Masood Qazi | $500,000 | $ 2,375,000. |
| 12.05.1992 | 197964-091 | Mukhtar Hussain | $300,000 | $ 300,000 |
| 04.06.1992 | 198243-091 | Moosa Ghani | $1,094,340 | $ 2,946,000 |
| 27.06.1992 | 198558-091 | Talat Masood Qazi | $1,163,765 | $ 3,163,000 |
| 11.10.1992 | 199936-091 | Nuzhat Gohar | $2,000,000 | $ 3,705,000 |
| 26.10.1992 | 260133-091 | Kashif Masood Qazi | $1,500,000 | $2,884,000 |

(b) Between 10.05.1992 to 22.09.1992, four Pak Rupee Borrowing Accounts were opened in BOA in the name of different companies of Sharif Group namely M/s. Chaudhry Sugar Mills Ltd. M/s. Hudaibya Paper Mills Ltd., M/s. Hudaibya Engg. Company Ltd. and M/s. Hamza Board Mills Ltd. These companies of the Sharif Group obtained 100% Pak rupee finances from BOA against the foreign currency deposits of Mrs. Sikandra Mosood Qazi, Mukhtar Hussain, Moosa Ghani, Talat Masood Qazi, Nuzhat Gohar and Kashif Masood Qazi in their above cited foreign currency accounts in BOA. In order to cover margin requirement and for additional security, the bank pledged the assets of these companies. Details of these loans are tabulated in the annexed schedule 'A' – Synopsis of Events

(c) From Mid 1993 onwards, due to credit ceiling restrictions of SBP, BOA in consultation with Sharif Group, arranged the transfer of these credit facilities/ collateral to CITI Bank, Al-Towfeek, AFIBL, Al-Baraka, Atlas BOT & EBI, Lahore etc. This also facilitated Sharifs to create as many layers of transactions as possible in order to conceal the source of deposits. Details of these transfers are given below. For more details kindly refer to the annexed schedule 'A' – Synopsis of Events;

i) On 26.05.1993, BOA transferred a sum of US$ 1.0 million out of the afore-mentioned deposits to CITI Bank in the A/C of Sikandra Masud Qazi as a collateral of loan. The account of Sikandra Masud Qazi was already operative with CITI Bank since March 1992, however there was no balance in the account at the time of transfer. In turn, CITI Bank, approved 100 % financing facilities for HPML against the US $ deposits. The proceeds of this loan were remitted to BOA for adjustment of loans against same deposits at BOA. This loan arrangement with CITI Bank, continued for about five years till the matrix was unwinded in 1998.

ii) During September – November 1993, BOA transferred a sum of US$ 3.0 million out of the afore-mentioned deposits to Al-Towfeek in the names of Talat Masud Qazi, Sikandra Masud Qazi & Moosa Ghani as collateral of loans. In turn, AL-Towfeek approved financing facilities equivalent to US $ deposits for Hajvery Holding, Talat Masud Qazi, Sikandra Masud Qazi & Moosa Ghani etc. Deposits & loans kept on changing names during the currency of

relationship but effectively the loans were always equal to the US $ deposits and beneficiary was also the same i.e. Sharifs. It is noteable that Hajvery Holding provided equivalent financing to Sharif Group Companies after availing the same from Al-Towfeek against US $ deposits. This relationship with Al-Towfeek continued till April 1997, though major portion of deposits / loans was shifted from here to EBI before April 1996.

iii) From 10.01.1994 to 10.03.1994, BOA transferred a sum of US$ 6.59 million (appx) out of the afore-mentioned deposits to AFIBL in the names of Talat Masud Qazi, Kashif Masud Qazi & Nuzhat Gohar, for collateral of loans. In turn, AFIBL approved financing facilities for three Sharif Group Companies viz.; Hudaibya Engg. Mills Ltd., Hamza Board Mills Ltd. and Chaudhry Sugar Mills Ltd. respectively and issued three cheques of Rs.60.380 million, 70.000 million and Rs. 70.000 million respectively in favor of these companies. These loan arrangement of Sharif Family with AFIBL continued for about four years till the matrix was unwinded in 1998.

iv) On March 09,1994, BOA transferred a sum of US$ 1.0 million out of the afore-mentioned deposits to Al-Baraka Islamic Bank in the A/C of Sikandra Masud Qazi as collateral of loan. In turn, Al-Baraka Bank approved financing facilities for Sikandra Masud Qazi herself. The proceeds of the loan were remitted to BOA for adjustment of loan against these deposits at BOA. This loan arrangement with Al-Baraka continued till Jan 1995 when the A/C was transferred to another bank.

v) Transactions with Atlas BOT Investment Bank:

- In May, 1994, BOA transferred a sum of US$ 2.589 million out of the afore-mentioned deposits to Atlas BOT in the name of Mr.Talat Masood Qazi as collateral for loans. Simultaneously four loan accounts in the name of Mr. Zubair Hameed Butt, Arif Hameed Butt, Abdul Aziz Khan and Muhammad Yousaf were opened in ATLAS BOT and a sum of Rs.24 million each was sanctioned in the name of First three persons whereas a loan of Rs.7.192 million was granted to the 4th individual (Mr. Muhammad Yousaf). Funds so generated totaling to Rs.79.192 million were transferred to BOA for adjustment of loans of Sharif Group Companies. As these loans were 100% of the collateral funds, therefore in order to cover the margin requirements, a charge on the stocks of M/s. HPML worth Rs.29.248 million was created/registered in favor of ATLAS bank through a resolution of the Board of Directors of the Company.

- In August 1995, these loans with Atlas BOT were settled in a novel way. Instructions from Talat Masood Qazi were provided to ATLAS Bank to remit the pledged US $ deposits of US$ 2,786,780 to DOHA Bank Ltd. Lahore (DBL) for credit into the accounts of M/s. HPML & Hudabiya Engg. Co.(HEC) as share deposit money paid by Sheikh Zakauddin as per distribution given below;

| | |
|---|---|
| - Hudaibya Paper Mills | $ 569,560 (Eq. Rs. 17,816,462) |
| - Hudaibya Engg. Co. | $ 2,217,200 (Eq. Rs. 69,354,016) |
| Total | $ 2,786,780 (Eq. Rs. 80,170,478) |

- Atlas BOT had written assurance from DBL that the above two companies had instructed DBL to remit to Atlas BOT the Rs. equivalent of the remittances from AIB, immediately after the

receipt of the same. The Rs. equivalents were accordingly transferred back to Atlas BOT after routing through the A/Cs of HPML & HEC with DBL. The loans of M/S Arif Hameed Butt, Zubair Hameed Butt, Abdul Aziz Khan & Muhammad Yousaf with Atlas BOT were therefore adjusted and Rs. equivalent of US $ deposits landed in HPML & HEC as share deposit money.

vi) From July 1995 onwards, the US $ deposits with Al-Towfeek, Al-Baraka & Atlas BOT were shifted to EBI in the A/C of Saeed Ahmad (A confidante of Sharifs & Ishaq Dar). The loans against these deposits were obtained in the name of Hajvery Holding, Hajvery Modaraba etc. (Companies owned by Ishaq Dar). Simultaneously, Hajvery Modaraba provided equivalent financing to Sharif Group Companies. The loans from Hajvery to Sharif Group Companies were provided at cost plus small charges to cover the administrative expenses of Hajvery group companies. Therefore an indirect approach was adopted by Sharifs to use their US $ deposits previously concealed in various banks under garb of fraudulent Qazi Accounts. This arrangement with EBI continued till March 1998 when unwinding of the financial matrix was initiated.

(d) As referred to in point # 9,10 & 11 above the plan of liquidation of US $ deposits & adjustment of loans there-against was initiated by Sharifs in March 1998. This process culminated in to the integration of Sharifs' ill-gotten wealth in to the financial system, thereby completing the operation of money laundering, which was initiated in 1992, by placing the ill-gotten wealth in the banking system. Details of these transactions are given below. For more details kindly refer to the annexed schedule 'A' – Synopsis of Events.

i) To start with the unwinding, the collateralized US $ 3.735 million in the accounts of Saeed Ahmed with EBI were encashed and showed as foreign equity investment in HPML by a foreigner lady, Saddiqa Sayed Mahfoodh Hashim Khadim. The transactions were carried out in the manner discussed below;

- Instructions were obtained from Mr. Saeed Ahmed for the release of US $ deposited in his account by Sharif Family through Ishaq Dar.

- Mr. Naeem Mahmood (an employee of Ishaq Dar) requested the Branch Manager of EBI, Mr. Shahid Ali Sheikh, to arrange the services of some money changers who could first remit, from his own source, the US $ from abroad (Dubai) as equity investment by Saddiqa Sayed Mahfoodh Hashim Khadim in the A/C of HPML with EBI. Subsequently the money changer was to get his money back after the release of collateralised US $ in the A/C of Saeed Ahmed on receipt of equivalent amount of foreign remittance in EBI.

- Mr. Mansoor Zaigham ( a money changer of Lahore) was engaged for this job. From 24.03.98 to 22.04.1998, Mr. Mansoor Zaigham in collaboration with Altaf Khanani of M/s. Khanani & Kalia, Money Changers, Karachi, remitted from abroad a sum of US$3.725 million (equivalent to Pak Rupees 164.375 million ) through eight TTs, in the A/C of HPML with EBI as share deposit money from Saddiqa Sayed Mehfoodh Hashim Khadim.

- On receipt of the remittances from abroad, EBI immediately paid back to the money changer (or to his various customers on his instructions) the same US $ amounts by releasing the US $

under lien in the A/C of Saeed Ahmed. Proper instructions were obtained from Saeed Ahmed for disbursement. The money changer was paid a commission for his services.

- The Rupee proceeds of these TTs amounting to Rs. 164.375 million were first deposited in the account of HPML with EBI and were immediately utilized to pay off the loans of Sharif Group Companies (Chaudhary Sugar, Hamza Board & Hamza Spinning) towards 1st Hajvery Modaraba. In turn, Hajvery Modaraba & other group companies adjusted their liabilities with EBI.

ii) Furthering the strategy of unwinding the financial matrix, on May 21 & 22, 1998, the collateralized US $ 2.949 million in the account of Nuzhat Gohar Qazi with AFIBL were encashed and again showed as foreign equity investment in HPML by Saddiqa Sayed Mahfoodh Hashim Khadim. The transactions were carried out in the similar manner as were carried out in EBI i.e.

- Five remittance of funds (TTs) from abroad were made by a money changer as equity investment by Sadiqa Sayed Mahfoodh Hashim Khadim and on receipt of those funds at AFIBL, immediate repayment of the same was made to the money changers by releasing the collateralised US $ of Nuzhat Gohar.

- In this case, Mr. Majeed Moti, a Karachi based currency dealer was engaged to carry out the job. Mr. Kamal Qureshi, an employee of Sharifs expedited the matter with concerned banks & money changer. US $ remittances were received at Faysal Bank Ltd., Karachi and their rupee proceeds amounting to 129.989 million were deposited in the A/C of HPML with Faysal Bank.

- After deposits of the proceeds of these remittances in the A/Cs of HPML with Faysal Bank, Karachi, HPML issued cheques to its associated companies having their accounts in Faysal Bank. These companies in turn issued cheques to AFIBL to adjust their loans with the same.

iii) Freezing of Foreign Currency Accounts (FCAs) by GOP in the aftermath of atomic explosions on 28th May 1998, left no option with Sharifs except to encash the deposits @ Rs. 46 per US $. The rest of the dollar deposits could not be routed into the account of M/s. HPML as share deposit money from Saddiqa Sayed Mehfoodh Hashim Khadim as remittances from abroad and their subsequent withdrawal now had added costs. So the deposits of US $ 2.967 million (Eq. to Pak Rs. 136.511 million) in the A/C of Talat Masud Qazi & US$ 2.621 million (Eq. to Pak Rs. 120.609 million) in the A/C of Kashif Masud Qazi with AFIBL were encashed on 22-06-98 and proceeds totaling to Rs. 257.120 million were deposited in the accounts of HPML as equity investment by Talat & Kashif Masud Qazi respectively. These funds were immediately transferred to other companies of Sharif family to adjust their loans with AFIBL.

iv) Similar to above transaction, the deposits of US $ 1.321 million (Eq. to Rs. 60.779 million) in the A/C of Sikandra Masud Qazi, with CITI Bank, were encashed on 24-06-98. The encashment proceeds were deposited in the A/C of HPML with CITI Bank, as share deposit Money from Sikandra Masud Qazi. Subsequently the loan of HPML with CITI Bank was adjusted from these deposits. The transaction was expedited by Mr. Kamal Qureshi, under the instructions of Mian

Shahbaz Sharif. He provided the bank the requisite instructions by the deposit holder for encashment of US $. He also ensured the bank that the money received in the saving account of HPML as equity investment by Sikandra Qazi will be used to pay off the liabilities of HPML towards the bank. The bank had therefore no problem for encashing the US $ deposits immediately before settlement of loans.

v) To sum up, starting from March 23, 1998 to June 24 1998, Sharifs unwinded the financial matrix, which was constructed over a period of six years (From April 1992 onwards.) During this decomposition, they encashed a total sum of US $ 13.586 Million (Equivalent to Pak Rs. 612.274 Million) and showed the proceeds as foreign equity investment in Hudabiya Paper Mills. Immediately, the loans of various Sharif Group Companies with various banks were adjusted, which had been obtained from these banks against ill-gotten US $ deposits in fraudulent foreign currency accounts.

A flow chart showing sequence of the above mentioned transactions and a synopsis of Events mentioning details of transactions is being filed as Schedule-A, which forms an integral part of this report.

13. Mr. Muhammad Ishaq Dar has confessed that it was Mian Nawaz Sharif and Mian Shahbaz Sharif who hatched the plan to fraudulently open the fictitious accounts where the Sharif Family could place their ill-gotten wealth. In the furtherance of the plan, Mr. Ishaq Dar fraudulently opened and operated fictitious accounts in the names of Sikandra Masud Qazi, Talat Masud Qazi and one of his employee Naeem Mahmood fraudulently opened and operated fictitious accounts in the names of Mrs. Nuzhat Gohar and Kashif Masood Qazi by forging the signatures of the respective persons.

14. The specimen signature of the both persons were obtained and referred to the handwriting expert alongwith the questioned documents (the instructions prepared by Muhammad Ishaq Dar/Naeem Mehmood and submitted to the Banks in the name of Qazi's and Moosa Ghani) and the routine signatures of the Qazi's. The hand-writing expert has confirmed that the signatures on the said documents do not tally with the original signatures of the Qazi's and are similar to the specimen signatures provided by Muhammad Ishaq Dar and Naeem Mehmood.

15. Mrs. Sikandra Masood Qazi, Mr. Kashif Masood Qazi, Mr. Talat Masood Qazi, Mrs. Nuzhat Gohar have been examined and shown the bank record pertaining to the fictitious / fraudulent accounts as well as the accounts of HPML for the year 1998, which shows an investment of Rs.60.788 million, Rs. 120.609 million and Rs.136.511 million in the name of First three persons respectively. They have categorically denied the opening / operation of any Pak-Rupee / Foreign Currency Accounts in BOA, AFIBL, Atlas BOT, CITI Bank, EBI, Al-Towfeek, Al-Baraka or any other bank in Pakistan. They have further stated that they belonged to a lower middle class family and even cannot think of acquiring such huge deposits. They have stated that they do not know any lady by the name of Saddiqa Sayed Mehfoodh Hashim Khadim or persons namely Sheikh Zakauddin, Zubair Hameed Butt, Arif Hameed Butt, Abdul Aziz Khan, Muhammad Yousaf, or Saeed Ahmed etc. All of them have denied the issuance of any instructions pertaining to any remittance / encashment of deposits or any other instruction relating to the operations of these accounts. They have further added that they had never visited any of the above mentioned banks in connection with the opening or operation of their so called accounts. They have also stated that they had never made any investment in HPML or any other company of the Sharif Group as share deposit money. Except for Nuzhat Gohar who has submitted a photo copy of her passport, the rest have submitted their original passports pertaining to the

(75)

year in which foreign currency accounts were opened in their name which prove that at the time of opening of their accounts, they were not visiting Pakistan (their original passports are also attached with this report). The version of the Qazi Family is further proved from the statements of Muhammad Ishaq Dar, Naeem Mehmood, hand-writing expert and the Bank Officers. Their statements under section 161 Cr. P.C have been recorded and annexed with this report.

16. Sh. Zakauddin (A cousin of Muhammad Nawaz Sharif) has also been examined and shown the accounts of HPML for the year 1996 in which a sum of Rs.30.469 Million have been shown as his share deposit money. His statement U/S 161 Cr. P.C. has also been recorded. In his statement he had told that neither any investment into the accounts of M/s Hudaibya Paper Mills Ltd. or any other company of Sharif Group had ever been made by him nor his resources are compatible to the investment shown in his name..

17. Muhammad Ishaq Dar had further confirmed that the foreign currency accounts of Mr. Saeed Ahmed in BOA and in EBI were used to deposit the dollar funds of the Sharif Family. However, necessary instructions regarding the keeping of these funds as collateral against the direct / Indirect Pak-Rupee Loans received by the Sharif Group Companies and the other instructions regarding the movement of these funds according to the desire of Sharif Group were got signed from Mr. Saeed Ahmed by him. In March / April 1998 a balance of US$.3.725 Million of the Sharif Family was existing in the Dollar A/C. of Mr. Saeed Ahmed in EBI. The same was received in the accounts of HPML as share deposit money from Saddiqa Sayed Mahfoodh Hashim Khadim through money changers.

18. Muhammad Ishaq Dar has made full and true disclosure of all the facts pertaining to this case. He has disclosed that he fraudulently opened different accounts in the name of Qazi Family and committed all the subsequent illegalities in this connection under the directions of Mian Muhammad Nawaz Sharif & Mian Shahbaz Sharif.

19. The statement of Muhammad Ishaq Dar has been verified and confirmed through independent evidence. Since he has been granted pardon by the Chairman National Accountability Bureau under the provisions of the NAB Ordinance 1999. Hence his name has been excluded from the list of accused persons recommended for judicial action.

20. At the time of submission of interim challan, some evidence had come on record involvement of Haroon Pasha, (General Manager of the Sharif Group) whereas further evidence was expected thus his name was also placed in the list of accused (column No.3 of the challan). But now after the completion of investigation, sufficient evidence to connect Haroon Pasha with the commission of the offence of corruption and corrupt practices has not come on record. Hence his name is being excluded from the list of accused persons challaned in this reference.

21. Settlement of Loan of US $ 10.0 Million by HPML with Al-Towfeek Company for Investment Funds, London. (ATCIF)

- In interim challan of this reference it was stated that HPML had made an out of court settlement with one of its creditor financial institution M/s. Al-Towfeek Company for Investment Funds at London by making a payment of US $ 8.700 Million in November 1999. Now further investigations have revealed that a Murabaha financing of US dollar 10.000 million was sanctioned to M/s Hudabiya Paper Mills Ltd. By M/s Al-Towfeek Coy. For investment funds Jeddah (ATCIF) in November, 1992.

- M/s Al-Barka Islamic Investment Bank B.S.C (E.C.), Lahore, were appointed as Security Agent for this financing. As per Murabaha Agreement, this loan was to be repaid in ten bi-annual installments totaling to US dollar 13.168 million starting from May 23, 1994. Apart from other securities offered by the company against this financing, **Mian Muhammad Sharif, Mian Muhammad Shahbaz Sharif and Mian Muhammad Abbas Sharif had executed their personal guarantees.** All the security documents were held in the custody of Al-Barka Bank Lahore in the capacity of security agent for Al-Towfeek company for investment funds Jeddah.

- The facility was restructured in May 1996 due to non payment of a single installment. The outstanding was capitalized making a new principle of US dollar 12.048 million to be repaid in semi annual installments from Feb. 1997 with a final maturity in August, 2000. The total funds to be repaid at maturity after the rescheduling were approximately US dollar 16.500 million. The securities provided for the facility were registered mortgaged of fixed assets of HPML besides the unconditional joint and several personal guarantees of the above named members of the Sharif Family.

- Subsequently, HPML did not even adhere to the rescheduling and defaulted upon its commitments. Thereafter legal proceedings were instituted against HPML and the guarantors in the London court. The suit filed by Al-Towfeek was decreed in its favor and execution proceedings were initiated in which flats belonging to Sharif Family commonly known as 16/17 Aven Field House, Park Lane, London were ordered to be attached.

- Thereafter, M/s Al-Towfeek Company for investment funds and M/s HPML reached upon a compromise regarding final settlement of the facility, which was subsequently submitted in the court in London. The record regarding the compromise agreement is sealed by the court in London for the de-sealing of which, orders of the trial court of this Reference in Pakistan are needed. The settlement reached between HPML's Mian Muhammad Sharif, Mian Muhammad Shahbaz Sharif and Mian Muhamamd Abbas Sharif and M/s Al-Towfeek is for approximately US dollar 10 million equivalent to approximately Pak. Rs. 600 million.

22. The accused were confronted with the evidence discussed above through questionnaires. Most of the accused have not replied the questionnaire. Though Muhammad Abbas Sharif, Hussian Nawaz and Hamza Shahbaz Sharif have offered their replies but the same have been found vague in nature.

23. Conclusion:

- From the above discussed facts, it is established that the Management of M/s. Hudaibya Paper Mills Ltd. comprising of Mian Muhammad Sharif, Mrs. Shamim Akhter, Mian Muhammad Nawaz Sharif, Mian Shahbaz Sharif, Mian Abbas Sharif, Mrs. Mariam Safdar, Mrs. Sabiha Abass, Mian Hussain Nawaz and Mian Hamza Shahbaz Sharif was in possession of a huge illicit proceeds and it was difficult for them to explain the source of the acquisition of the same . In order to launder this money, under the cover of the provisions of "The Protection of Economic Reform Act 1992, they fraudulently opened different fictitious foreign currency accounts and deposited huge amounts in these accounts. They also got themselves benefited from these funds all the time, by obtaining Pak rupees credit lines in the name of M/S HPML and their other group companies from the banks by offering their foreign currency funds in these fictitious./ fraudulent accounts as collateral. When these foreign currency accounts were exposed they decided to directly inject this money into the accounts of M/s

HPML in such a way that the legitimacy of these proceeds could not be challenged. For this purpose through different money changers they arranged different Dollar TT's in favour of M/s Hudaibya paper Mills Ltd from abroad equivalent to their foreign currency funds. In these TT's, under the instructions of the Sharif Family, the name of the ordering customer was given as Saddiqa Sayed Mahfoodh Hashim Khadem and the purpose of this dispatch was mentioned as share deposit money from her. After 28th May 1998, the foreign currency accounts were frozen and subsequently the rest of the foreign currency funds were got encashed and deposited into the accounts of M/s HPML as share deposit money on behalf of the account holders. To begin with ,in the accounts of HPML for the year ending 30-06-96, a sum of Rs.30.469 was shown as share deposit money from one of their cousin Sheikh Zakauddin. Whereas in the accounts of the company for the year ending 30-06-98, a sum of Rs.294.364 million, Rs.136.511 million, Rs.120.609 million and Rs.60.788 million (totaling to Rs.612.273 million) was shown as share deposit money from Saddiqa Sayed Mehfoodh Hashim Khadim, M/s. Talat Masood Qazi, Kashif Masud Qazi and Mrs. Sikandra Masood Qazi respectively. Mian Muhammad Nawaz Sharif and Mian Shahbaz Sharif engaged Muhammad Ishaq Dar in fraudulently opening of a number of fictitious accounts and in a number of other illegal activities to achieve their objectives for their own benefit. All the laundered money was used to pay off the liabilities of HPML and other companies of the Group. All this money totaling to Rs642.742 Million injected into the accounts of M/s HPML on the pretext of share deposit money In the name of these persons and the money approx. equivalent to Rs. 600.00 Million used for final settlement with Al Towfeek Company for investment funds was / is in fact, owned by Mian Muhammad Sharif, Mrs. Shamim Akhter, Mian Muhammad Nawaz Sharif ,Mian Shahbaz Sharif, Mian Abbas Sharif, Mrs. Sabiha Abbas, Mian Hussain Nawaz, Mian Hamza Shahbaz Sharif and Mariam Safdar. Though Mian Muhammad Nawaz Sharif and Mian Shahbaz Sharif are not presently the directors of HPML, yet they have benefited themselves directly from these criminal activities as they hold shares in HPML through their minor children.

- The said entire money totaling to appx. Rs.1,242.732 million which has been used by Sharif family for their businesses over a period of time and finally to adjust their business liabilities is unexplained and is disproportionate to their known legitimate sources of income. The income tax / wealth tax returns submitted by the accused members of Sharif family do not commensurate with the deposits held in the fraudulent foreign currency accounts by them. During this entire operation of money laundering / concealment of ill-gotten wealth, Sharifs defrauded a whole lot of institutions & individuals including a number of banks, tax authorities, etc. Hence, all the accused persons mentioned in column No.3 of this report, being directors / beneficiaries of this entire proceed as share holders (either directly or through their minor children) are guilty of the offence of corruption and corrupt practices as defined in the NAB Ordinance 1999 as well as NAB (amendment) Ordinance 2000. The accused persons are recommended for judicial action.

<tr><td>10</td><td>March to June 1998.</td><td>Liquidation of US $ deposits in Qazi A/Cs with various Bank and adjustment of Loans there-against of various business concerns of Sharifs.</td><td>In 1998, Sharif family decided to unwind the financial matrix constructed by them in various banks over almost a decade, by way of liquidating the dollar deposits in these fraudulent accounts and adjusting the loans obtained against these deposits. For this purpose, arrangements with the help of bankers and money changers were made, whereby;<br>1)Money changers first remitted US dollars from abroad, in the accounts of Hudaibya Paper Mills Ltd.(HPML) with Emirates Bank & Al-Faysal Investment Bank respectively, as foreign equity investment by one, Saddiqa Sayed Mahfoodh Hashim Khadem.<br>2)On receipt of these remittances, banks released the dollars under lien and delivered these to money changers or to their customers (as per their instructions).<br><br>However, this plan could be partially implemented during the month of March & April 1998 before the freezing of Foreign Currency Accounts (FCAs) by the Government of Pakistan in the aftermath of atomic explosions on 28th May 1998. On freezing of FCAs, it was not possible to remit US dollars out of these accounts, but these deposits could only be encashed @ of Rs. 46 per dollar. So the plan of liquidating dollars and showing these as foreign investment by some foreign individual(s) i.e. Saddiqa Sayed Mahfoodh Hashim Khadem was slightly altered. Now the dollar deposits were directly encashed @ Rs. 46 per dollar from the account of Talat Masud Qazi, Kashif Masud Qazi & Skindra Masud Qazi and proceeds were deposited in the accounts of HPML as equity investment by respective account holder (Qazis). These funds were subsequently transferred to other companies of Sharif family / companies of Ishaq Dar and were used to adjust the facilities obtained by these companies from respective banks.Details are given below;</td></tr>

The transactions were carried out in the following manner.<br>1) Instructions were obtained from Mr. Saeed Ahmed for the release of US $ deposited in his account by Sharif Family thru Ishaq Dar.<br>2) Mr. Naeem Mahmood (an employee of Ishaq Dar) requested Mr. Shahid Ali Sheikh, Branch Manager, EBI to arrange the services of some money changers who could first remit,from his own source, the US $ from abroad (Dubai) as equity investment by Saddiqa Sayed Mahfoodh Hashim Khadim in the A/C of HPML with EBI. Subsequently the money changer was to get his money back after the release of collateralised US $ in the A/C of Saeed Ahmed on receipt of equivalent amount of foreign remittance in EBI.<br>3)Mr. Mansoor Zaigham ( a money changer of Lahore) was engaged for this job..From 24.03.98 to 22.04.1998, Mr. Mansoor Zaigham in collaboration with Altaf Khanani of M/s. c. **<u>References Quashed or Respondents Acquitted by the Lahore High Court</u>**. The Sharif family went into appeal in Lahore High Court in 6 cases from time to time. Out of these 6 cases, 4 were references filed by NAB and 2 were challans filed by FIA. The summary of these cases are as under: -

(1). **<u>Quashed / Acquitted Cases of NAB</u>**

(a) NAB had filed 4 references before the Accountability Courts, trial of only one reference i.e. Reference No. 2/2000, was held whereby the Accused Nawaz Sharif was convicted and sentenced to R.I. for 14 years along with imposition of fine to the tune of Rs. 20 Million and disqualified to hold public office for 21 years. (Later Acquitted by Lahore High Court in writ petition no. 2E of 2009)

(b) The rest of the three references never went under proper trial and appreciation of evidence filed therein, by the Accountability Courts, reason being that Mr. Nawaz Sharif and family was sent to exile in Saudi Arabia and these references were adjourned sine die. However, in 2011, 3x separate writ petitions were filed in Lahore High Court, praying for quashment of the references.

(c) The petitions were heard separately by two Member bench of Lahore High Court Comprising of Justice Kh. Imtiaz Ahmed and Justice Muhammad

Farrukh Irfan Khan. The Common feature of the Judgements of all these 3x petitions by Two-member bench was the split decisions and final decision by Referee judge. In references No. 5/2000 and 7/2000, the Justice Kh. Imtiaz Ahmed opined that the references stand quashed however NAB can re-investigate the matter. This was differed by Justice Muhammad Farrukh Irfan Khan who was of the view that NAB cannot be allowed to re-investigate the matter. The point was referred to referee judge Justice Sardar Shamim Khan who agreed with the view of Justice Muhammad Farrukh Irfan Khan and the reference was quashed and NAB was not allowed to re-investigate the matters.

(d) Matter related to reference No.11/2001, was also referred to same learned two-member bench vide a separate writ petition by the accused where again a split decision was reached by the learned bench. Justice Kh. Imtiaz Ahmed of the view that petition filed by the Accused should be dismissed and accused be directed to approach Accountability Court to make their pleas, whereas Justice Farrukh Irfan Khan was of the view that reference be quashed. The matter was again referred to referee judge Justice Sardar Muhammad Shamim Khan who agreed with the view taken by Justice Farrukh Irfan Khan and the reference was quashed by Honorable Lahore High Court.

(e) NAB never filed appeal against these decisions in Honorable Supreme Court despite having strong grounds.

On return of the accused, a writ petition no. 2617 of 2011 was filed by the accused in Honorable Lahore High Court. Two-member bench of Lahore high Court gave a split judgement and the matter was referred to Referee judge for the decision that whether the reference be quashed or matter be referred to NAB for re-investigation. The referee judge quashed the reference vide its order dated 11.03.2014. NAB did not file appeal against the decision of High Court. | **A detailed report on this case with additional evidence in the form of a stand-alone report has been submitted separately.** NAB may be ordered to file an appeal before Supreme Court assailing the orders of the Honorable Lahore Court keeping in view the fresh, very strong and comprehensive documentary evidence, money trail and banking record. **(JIT Analysis along with relevant documents enclosed at *Annexure-H.*)** |

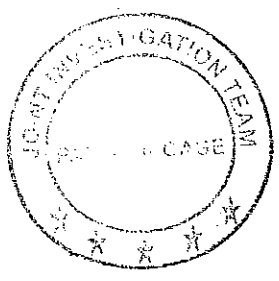
| j. | State Vs Mian Muhammad Nawaz Sharif, Mian Sharif and Mst. Shamim Akhter (Reference No. 7 of 2000) | Allegedly Mian Sharif, Mst. Shamim Akhter and Mian Muhammad Nawaz Sharif Constructed Palatial Buildings Mansions and houses in Raiwand Estate which were grossly disproportionate to their known sources of income. Huge sums of money were invested in these buildings which are un accounted for. | Matter was referred by NAB to FIA for investigation. On completion of investigation a reference no. 7/2000 was filed by NAB in Accountability court, which was sine die adjourned due to non-availability of accused in the country. When the accused returned they filed a writ petition no. 2619/2011 in Lahore High Court. The court Quashed the reference. NAB did not file any appeal against the decision of High Court. | NAB may be ordered to review the case and file an appeal before Supreme Court for assailing the orders of the Honorable Lahore Court keeping in view the available incriminating evidence and matter be referred for re-investigation as evaluation reports of the properties by NESPAK viz a viz the financial resources of Sharif family as per their tax record are grossly disproportionate and remained un-explained by the Sharif family. Further ongoing cases with NAB on the same issue may be merged with this case if re-investigation is allowed. **(JIT Analysis along with relevant documents enclosed at *Annexure-I*)** |



e. In Addition to the cases mentioned above there is another case which has not been initiated by NAB despite availability of record with NAB. This case pertains to a "Trust" established in USA. As per available documents 6x companies of Sharif family entered into an agreement with this "Trust" for provision of security to banks in Pakistan on behalf of these companies so that companies could get loans against this security. This case seems to have strong connection with Hudabiya

Paper Mills case, hence NAB may be directed that either a separate case be initiated or this matter may be merged with the Hudabiya Paper Mills case, if reopened. **(JIT Analysis along with relevant documents enclosed at *Annexure-J*).**

3. **Analysis and Recommendations on FIA Cases**. The scrutiny of record pertaining to the two FIRs as highlighted below, shows that Honorable Lahore High Court only discussed the jurisdiction of FIA regarding conducting investigations into the matters of foreign currency accounts of private individuals however, question regarding existence of the individuals in who`s name fake accounts were opened was not adequately addressed. It has been further noted that these cases have also been quashed without conducting a proper trial and without giving evidence a chance to come on record. Since these two cases are linked with chain of events which are part of bigger offence which has been thoroughly elaborated by NAB in its reference no. 5 of 2000 the JIT recommends that these two cases may also be opened and may be linked with case of Hudabiya Paper Mills (which has already been requested by JIT to be opened) so that a complete picture could be drawn regarding the transactions made of Sharif family in connection with accumulation of assets and money laundering.

4. **Analysis and Recommendations on SECP Cases** . Scrutiny of the record received from SECP Showed that the investigation related to Chaudhry Sugar Mills was closed by officers of SECP in connivance with each other and with mala fide intensions and despite the fact that the observations raised by SECP vide their letter dated 30.11.2012 were not addressed by Chaudhry Sugar Mills but still the matter was covered up by officers of SECP and investigation was shown to have been closed in back dates i.e. 14.01.2013. JIT is of the opinion the matter related to Chaudhry Sugar Mill was since closed by SECP prematurely with mala fide intentions, hence, recommends the re-opening of the case.

| Ser. No. | Title of the case | Allegations | Current Status | Recommendations of JIT |
|---|---|---|---|---|
| a. | Investigation Against Chaudhry Sugar Mills | Investigation against Chaudhry Sugar Mills was conducted by SECP on the allegations of Suspicions of Money laundering and discrepancies in their annual audited accounts. | Investigation u/s 263 of Companies Ordinance was initiated by SECP against Chaudhry Sugar Mills. The company did not provide the complete record to investigation team despite repeated requests and letters and observations raised by the investigation officers were not removed however in May / June 2016, the investigation was abruptly closed in back dates of 2013, despite the fact the observations raised by SECP were pending. | Though the observations raised by SECP were not addressed but in June 2016, the investigation was abruptly closed in back dates on 14.1.2013. The date selection for closure is apparently to reflect that case was independently closed as Respondent No. 1 was not in power on this particular |

| **Case Title** | Investigation Against Mian Muhammad Nawaz Sharif Regarding Acquisition/Purchase of London Properties.(Assets Beyond known Sources of income Case) |
| **Date of Authorization of investigation** | 27-12-1999 |
| **Date of Filling of reference** | Investigation Under process |
| **Allegations** | Purchase of Avenfield Properties no. 16, 16A, 17 and 17A London (Assets Beyond known sources of income) |
| **Accused persons** | Mian Muhammad Nawaz Sharif Prime Minister and Sharif Family |
| **Brief Facts** | a. On 31-03-2000 Chairman NAB referred the matter for investigation to DG FIA to be conducted against Sharif family on the allegations of ownership of Avenfield flats no. 16, 16A, 17 and 17A, Park Lane London which are being maintained through offshore companies. The above said flats were reportedly purchased through Urs Specker during period from 1993 to 1996 where Mr. Hussain Nawaz Sharif had been residing. These assets appear to be disproportionate to the known sources of income of Sharif Family.<br>b. The said investigation was based on a petition filed by Mr. Shezi Nacki, the attorney for Al- Towfeek company for claiming an amount of Rs. US$ 18.673 million whereby the petitioner referred the report of FIA prepared by Mr. Rehman Malik wherein Mian Muhammad Nawaz Sharif, Mian Muhammad Shahbaz Sharif and Mian Muhammad Abbas Sharif were alleged for having interests in property units situated at Park Lane London through Offshore companies.<br>c. FIA requested NAB that certified copies of record pertaining to these properties, Bank Statements relating to foreign accounts and ownership record of companies registered at British Virgin Island would be required to draw a link between the said properties and Sharif brothers so the investigation report as directed by Chairman NAB could be prepared by the IO.<br>d. The investigation was returned to NAB by FIA and remained pending till 04-11-2016 when the investigation was authorized to new IO. There after no major efforts have been made by NAB for collection of further record/evidence. |
| **Current Status** | Investigation is still under process with no tangible progress. |
| **Conclusion** | The properties highlighted in this investigation are in fact the same |

| | |
|---|---|
| | on the basis of which primarily, the Honorable Supreme Court took cognizance of the Panama case and made a JIT on the matter. Investigation was authorized in 1999 and the case is pending with NAB since then. The case remained pending on one pretext or the other and no serious effort have been found on record which could suggest seriousness of the department to conduct the investigation. No efforts for procurement of record from abroad have been made. Neither any MLA request has been lodged by the NAB nor the respondents have been approached for recording their plea and seeking information. Apparently, no conclusive effort has been made by NAB despite a lapse of about 17-18 years to finalize the investigation proceedings. |
| **Recommendations** | In view of recent developments in Honorable Supreme Court of Pakistan and JIT, ample evidence is now available on record. NAB may be directed to look into the matter and complete the case on merit without further delay. |

SUBJECT: **PREPARATION OF REFERENCE AGAINST SHARIF FAMILY (FOREIGN ASSETS).**

The papers furnished by National Accountability Bureau Islamabad relating to petition filed by Mr. Shezi Nackvi, the attorney for Al Towfeek Company against Sharif family for claiming an amount of US $ 18.673 Million are all photocopies(Unattested) of the petition and its enclosures referred to above. It may kindly be seen that the petitioner had claimed that the defendants i.e. Mian Muhammad Sharif, Mian Muhammad Shahbaz Sharif and Mian Muhammad Abbas Sharif have interest in the property units situated at Park Lane London through off shore companies. Thse assertion is based on an alleged report prepared by the Federal Investigation Agency of Pakistan during September 1998. As the position stands, this Agency had not issued any such report. However, Mr. A.Rehman Malik the former ADG FIA now in exile in London, had prepared such a report at his own initiative and sent its copies to various Agencies.

2. This report, extracts of which have been appended with the petition of Mr. Shezi Nackvi refers to the alleged money laundering of millions of US dollars by Sharif family and acquisition of assets in UK and other western countries by the Sharif family through off shore companies but beneficiaries of these off shore companies has not been documentarily supported. These documents cannot be presented in the court as part of evidence in a Reference against Sharif brothers for their alleged role in money laundering and corruption. This Agency had registered cases against the Sharif family for allegedly obtaining massive loans for their industrial concern M/s Hudabiya Paper Mills by offering Benami foreign currency accounts as collateral. These cases had to be closed after the judgement of a Division Bench of the Lahore High Court
